#	Solicitation Section Reference	Solicitation Page Number	Question	Answers
1	Section H "Delivery ARO"	25	Given the size and scale of this order, would it be possible to extend this timeframe? If so, what would the maximum timeframe allowed be to fulfill this order?	A successful Contractor will maintain sufficient inventory to process and deliver within 14 business days ARO
2	Section J "Quality"	26	Is the initial warranty period stated in this section referring to the one (1) year warranty outlined in Section L "Warranty" on page 27? If not, what does the state consider the initial warranty period?	Yes, this is in reference to the one (1) year warranty period.
3	Section D Item #10	23	Is the state open to Top Load Washers? We can provide a top load washer with very basic controls that will stand up better to resident usage and minimize out of order machines.	The facilities prefer top load washers that will decrease frequent needs for servicing

4	N/A	N/A	Would these all be delivered at the same time?	It would be preferred for all to be delivered at the same time. Awarded bidder should coordinate with the facility for delivery.
5	N/A	N/A	Would bids for equivalent laundry machines be accepted?	Bidder should provide a response that best meets the ITB requirements. Alternatives that are equivalent to the specifications and of the latest model in production may be considered if comparable and in the best interest of NDCS.
6	N/A	N/A	Would bids for furnish and tailgate delivery of appliances only with manufacturer's warranty be acceptable?	The machines need to come with a MFG warranty, plus the contractor needs to warrant them for a period of one (1) year from the date of acceptance.

This Addendum will become part of the ITB and should be acknowledged with the ITB.
