

**ADDENDUM TWO  
QUESTIONS and ANSWERS RECEIVED  
6866 OF**

Date: 3-11-24

To: All Bidders

From: Brenda Sensibaugh, Procurement Contract Officer  
AS Materiel State Purchasing Bureau (SPB)

RE: Addendum for Invitation to Bid (ITB) Number 6866 OF for Autel Brand Drones, Associated Accessories, and any required Air Data needed to keep the Nebraska State Patrol Drone Program operational to be opened on March 14, 2024, at 2:00 p.m. Central Time

**Questions and Answers**

Following are the questions submitted and answers provided for the above-mentioned Invitation to Bid. The questions and answers are to be considered as part of the Invitation to Bid. It is the Bidder's responsibility to check the SPB website for all Addenda or Amendments.

<u>Question Number</u>	<u>ITB Section Reference</u>	<u>ITB Page Number</u>	<u>Question</u>	<u>State Response</u>
1	Page 2 of Bid Document Line 8		<p>Description of Equipment required: Line Item 8 specifies 'trade in allowances' for 3 drones: "3-Autel 640T drones, 30-Autel Evo 2 drones, 2-autel evo 2 enterprise drones". It is unclear to me which models specifically (and in turn therefore, what trade in value cost can be attributed to each one) because Autel evo 2 drones have sub-categories of drones, each with their own cost). Is it possible to get a more detailed description of those 35 drones so that I can accurately work with Autel on the trade in value requested? For example:</p> <ul style="list-style-type: none"> <li>○ 3-Autel 640T drones: <i>Rugged, RTK or Enterprise bundle?</i></li> <li>○ 30-Autel Evo 2 drones: <i>8k, Pro or</i></li> </ul>	<p>3 Autel 640T Version 2 are Enterprise Bundles</p> <p>16 Autel Evo II Version 1 are 6K Rugged Bundles</p> <p>14 Autel Evo II Version 2 are 6K Rugged Bundles</p> <p>2 Autel Evo II Ent Version 2 are 6K Pro Enterprise</p>

			<p><i>640T models? Rugged, RTK or Enterprise bundle?</i></p> <ul style="list-style-type: none"> <li>○ <i>2-autel evo 2 enterprise drones: Pro or 640T models?</i></li> </ul>	
2	Page 2 of bid Document Line 9		<p>Can you clarify what the "Quantity of 6 AirData UAV Enterprise Fleet Management Software - Yearly per Aircraft for a total between 50 and 99" is referring to for the quantity of 6? AirData software licensing supports multiple aircraft, users, and pilots on a single license. Is this for 6 years of subscription?</p>	<p>All AirData license are per drone and unlimited users. We are adding 6 new drones.</p>

This Addendum will become part of the ITB and should be acknowledged with the Invitation to Bid.
