RE: Addendum for Invitation to Bid 6885 OF for Non-invasive Surface temperature sensor with catalog to be opened June 6, 2024, 2:00 PM, Central Time

Following are the questions submitted and answers provided for the above-mentioned Invitation to Bid. The questions and answers are to be considered as part of the Invitation to Bid. It is the Bidder's responsibility to check the SPB website for all Addenda or Amendments.

<u>Question Number</u>	<u>ITB Section Reference</u>	<u>ITB Page Number</u>	<u>Question</u>	<u>State Response</u>
1			I just want clarification if the state is only looking for non-invasive temperature sensor or do they want a non-invasive sensor that does both temperature and condition of the pavement?	We will accept pricing for either non-invasive pavement temperature sensor or non-invasive pavement temperature/condition sensor, or both if the vendor has both configurations. We are also requesting pricing for all related accessories and atmospheric sensors in the vendor's catalog.
