COMMENTS:				If required Campbell Scientific can explore getting the Wintersense SDI Energy Star certified, however RWIS sensors of this type are not usually Energy Star certified as they are low voltage. Products are covered by Campbell Scientific's Standard Terms and Conditions - a copy is included in our uploaded documents.		Part # 79530 Delivery will be completed no later than 8 weeks and will always be delivered as early as possible. Lead Creek Technologies acknowledges and accepts all IFB addendum, question and answer documents.				*Pricing quoted is for sensor, moumnt, and cables. Doesn't include any integration work that may be required to work with NDOR current RPU.
