

The evaluation committee for the 2020 Environmental Engineering Services Request for Proposal # DEE 20-02-05 has completed reviews of the nine submitted proposals and the final ranking of the firms is listed below. The evaluation committee consisted of five independent reviewers evaluating the proposals on three evaluation categories with scores being averaged between reviewers to obtain a final score and ranking. Based on the final scores, NDEE has decided that optional oral interviews will not be held and contracts will be negotiated with the top four firms with the intent to have contracts in place by July 1, 2020. NDEE appreciates the interest of all of the firms that submitted proposals for this procurement effort.

1. EA Engineering, Science and Technology, Inc., PBC	90.95
