Attachment C

Questionnaire

The respondent will provide the following information in its application. If there is not enough space in the provided text field, please provide an appendix of no more than 1 page per question. The total page limit for all appendices is 9 pages. The NDE reserves the right to reject submissions that include appendices of more than 9 pages of supplemental information as non-conforming.

Technical Response

1. Describe how the learning platform provided by your organization connects standards in chemistry, physical science, and mathematics with real-world technologies and applications.

2. Describe how the learning platform provided by your organization engages students in careers in science, technology, engineering, and mathematics as aligned to Nebraska's Career Exploration and Career and Technical Education Content Standards.

3. Describe the data your organization would make available to the Nebraska Department of Education, including, but not limited to, the recipients of the program, usage statistics, and evaluations of the effectiveness of the program.

4. Describe how the learning platform provided by your organization ensures access for Spanish-speaking learners.

5. Describe how the learning platform provided by your organization is operable with current school-district equipment and is consistently accessible.

6. Describe how your organization would recruit school districts and enroll users to use the learning platform.

7. Describe the ability of your organization to provide a three-dimensional, game-based learning platform for use by middle school and high school students and evidence that the learning platform is successful.

8. Describe how your organization manages data security, including any relevant FERPA compliance, data storage and ownership, and data use.
