RE: Questions and Answers for RFP Number RFP R225-23, Turnkey Vanpool Program Services

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the RFP.

RFP Section Reference	RFP Page Number	Question	Answers
Section II.F	9	What is the purpose of the cost proposal? Is this for evaluation purposes, or contracted rates?	The cost proposal is a mandatory requirement as part of every submitted proposal and should indicate the bidders proposed costs to provide the specified service. It is calculated as part of evaluations and if awarded, becomes the contract rate(s).
Section IV.G	23	What is the source of the funding? Will any federal capital dollars be used?	Yes. The program is subsidized by both the Federal Highway and Transit Administrations.
Section V.H.4	26	Will the program use co-branded marketing?	Yes.
Section VI	29	Will the Agency consider using our form agreement?	No. State Statute requires specific terms and conditions language as part of our bid and contract process. If a bidder wants to request an exception to something within the RFP, that should be noted within the response boxes and bid.

This addendum will become part of the proposal and should be acknowledged with the Request for Proposal.
