No, as it must remain fair for every bidder. If additional hours are needed during the contract, an amendment may be utilized.
2.	Header Block	1	The Opening Date and Time is listed as July 21, 2025, 2:00 p.m. Central Time. May proposals be delivered to the Procuring Office physical address any time before 2:00 p.m. on July 21, 2025?	Yes, they may be delivered prior to that date/time.

These do not	See https://ideas.iowadot.gov/subdomain/news-2938/end/node/4423?qmzn=iKFrYf and https://publications.iowa.gov/49860/1/Research Solutions Brief SPR-RE22%2016%2029-8H-00 %20Validating Floodplain Maps and Improving Flood Warnings at Iowas Bridges.pdf for example news poll and research brief from Iowa DOT.

			appear to include a polling/surveying/sampling component as described.	We agree that there would not be a polling/survey/sampling requirement for the news poll. We were thinking more along the lines of a small digestible segment that could be used on social media or highlighted on NDOT's public facing research web page.
4.	VI.A.2.	22	Can Nebraska DOT provide additional guidance on its expectations for each subsection in this portion of the solicitation response? These are sometimes clarified in an "Attachment A - Bidder Response Requirements Matrix" for other State of Nebraska RFPs.	Please follow the outlined sections to provide responses. You may answer in outline form if that's easier for your bid submission.

This addendum will be incorporated into the solicitation.
