If the vendor wishes to have any information withheld from the public, such information must fall within the definition of proprietary information contained within Nebraska's public record statutes. All proprietary information the vendor wishes the state to withhold must be submitted as a separate document. The separate document must be clearly marked PROPRIETARY. Vendor may not mark their entire Request for Information as proprietary. Failure of the vendor to follow the instructions for submitting proprietary information may result in the information being viewed by other vendors and the public. Proprietary information is defined as trade secrets, academic and scientific research work which is in progress and unpublished, and other information which if released would give advantage to business competitors and serve no public purpose (see Neb. Rev. Stat. § 84-712.05(3)). In accordance with Attorney General Opinions 92068 and 97033, vendors submitting information as proprietary may be required to prove specific, named competitor(s) who would be advantaged by release of the information and the specific advantage the competitor(s) would receive. Although every effort will be made to withhold information that is properly submitted as proprietary and meets the State's definition of proprietary information, the State is under no obligation to maintain the confidentiality of proprietary information and accepts no liability for the release of such information.

III. PROJECT DESCRIPTION AND SCOPE OF WORK

The vendor should provide the following information in response to this Request for Information.

A. CURRENT AND FUTURE ENVIRONMENT

Currently, the Division of Children and Family Services (CFS) provides services to sustain a child(ren) with parents in the family home, including Family Support Services, In Home Safety Service, Intensive Family Preservation, and Family Peer Support. These services are contracted with providers throughout Nebraska to provide stability for children, as well as support and education for parents who have become involved with CFS due to allegations of abuse or neglect.

CFS is seeking information for evidence-based model services that: promote safety for children in a home environment; support biological families in their homes in order to parent their children and ensure their children's safety; and meet the expectations of the Families First Prevention Services Act, Pub.L. 115-123.

Services should increase a parent's protective capacity, link families to community supports and services, enhance their child's educational opportunities, and focus on their health and wellbeing.

B. SCOPE OF WORK

Provide comments or input on services that provide both stabilization to biological families and education curriculum to ensure child safety and prevent recurrence of maltreatment.
