## **II. TERMS AND CONDITIONS**

### **A. GENERAL**

The contract resulting from this RFP shall incorporate the following documents:

1. Request for Proposal and Addenda;
2. Amendments to the RFP;
3. Questions and Answers;
4. Contractor's proposal (RFP and properly submitted documents);
5. The executed Contract and Addendum One to Contract, if applicable ; and,
6. Amendments/Addendums to the Contract.

These documents constitute the entirety of the contract.

Unless otherwise specifically stated in a future contract amendment, in case of any conflict between the incorporated documents, the documents shall govern in the following order of preference with number one (1) receiving preference over all other documents and with each lower numbered document having preference over any higher numbered document: 1) Amendment to the executed Contract with the most recent dated amendment having the highest priority, 2) executed Contract and any attached Addenda, 3) Amendments to RFP and any Questions and Answers, 4) the original RFP document and any Addenda, and 5) the Contractor's submitted Proposal.

Any ambiguity or conflict in the contract discovered after its execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established in the State of Nebraska.

### **B. NOTIFICATION**

Contractor and State shall identify the contract manager who shall serve as the point of contact for the executed contract.

Communications regarding the executed contract shall be in writing and shall be deemed to have been given if delivered personally or mailed, by U.S. Mail, postage prepaid, return receipt requested, to the parties at their respective addresses set forth below, or at such other addresses as may be specified in writing by either of the parties. All notices, requests, or communications shall be deemed effective upon personal delivery or three (3) calendar days following deposit in the mail.

### **C. GOVERNING LAW (Statutory)**

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but

not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state and federal laws, ordinances, rules, orders, and regulations.

**D. BEGINNING OF WORK**

The bidder shall not commence any billable work until a valid contract has been fully executed by the State and the successful Contractor. The Contractor will be notified in writing when work may begin.

**E. CHANGE ORDERS**

The State and the Contractor, upon the written agreement, may make changes to the contract within the general scope of the RFP. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Contractor may not claim forfeiture of the contract by reasons of such changes.

The Contractor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Contractor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Contractor's proposal, were foreseeable, or result from difficulties with or failure of the Contractor's proposal or performance.

No change shall be implemented by the Contractor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

**F. NOTICE OF POTENTIAL CONTRACTOR BREACH**

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

**G. BREACH**

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of

delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

#### **H. NON-WAIVER OF BREACH**

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

#### **I. SEVERABILITY**

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

#### **J. INDEMNIFICATION**

##### **1. GENERAL**

The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

##### **2. INTELLECTUAL PROPERTY**

The Contractor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Contractor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Contractor prompt notice in writing of the claim. The Contractor may not settle any infringement claim that will affect the State's use of the Licensed Software without the State's prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State's use of any intellectual property for which the Contractor has indemnified the State, the Contractor shall, at the Contractor's sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the

State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Contractor, and the State may receive the remedies provided under this RFP.

**3. PERSONNEL**

The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Contractor.

**4. SELF-INSURANCE**

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2008). If there is a presumed loss under the provisions of this agreement, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,829 – 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Section 81-8,294), Tort (Section 81-8,209), and Contract Claim Acts (Section 81-8,302), as outlined in Neb. Rev. Stat. § 81-8,209 et seq. and under any other provisions of law and accepts liability under this agreement to the extent provided by law.

5. The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

**K. ATTORNEY'S FEES**

In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all expenses of such action, as permitted by law and if order by the court, including attorney's fees and costs, if the other Party prevails.

**L. ASSIGNMENT, SALE, OR MERGER**

Either Party may assign the contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Contractor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Contractor's business. Contractor agrees to cooperate with the State in executing amendments to the contract to allow for the transaction. If a third party or entity is involved in the transaction, the Contractor will remain responsible for performance of the contract until such time as the person or entity involved in the transaction agrees in writing to be contractually bound by this contract and perform all obligations of the contract.

**M. CONTRACTING WITH OTHER NEBRASKA POLITICAL SUB-DIVISIONS**

The Contractor may, but shall not be required to, allow agencies, as defined in Neb. Rev. Stat. §81-145, to use this contract. The terms and conditions, including price, of the contract may not be amended. The State shall not be contractually obligated or liable for any contract

entered into pursuant to this clause. A listing of Nebraska political subdivisions may be found at the website of the Nebraska Auditor of Public Accounts.

**N. FORCE MAJEURE**

Neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event"). The Party so affected shall immediately make a written request for relief to the other Party, and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

**O. CONFIDENTIALITY**

All materials and information provided by the Parties or acquired by a Party on behalf of the other Party shall be regarded as confidential information. All materials and information provided or acquired shall be handled in accordance with federal and state law, and ethical standards. Should said confidentiality be breached by a Party, the Party shall notify the other Party immediately of said breach and take immediate corrective action.

It is incumbent upon the Parties to inform their officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (j)(1), which is made applicable by 5 U.S.C. 552a (m)(1), provides that any officer or employee, who by virtue of his/her employment or official position has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

**P. OFFICE OF PUBLIC COUNSEL (Statutory)**

If it provides, under the terms of this contract and on behalf of the State of Nebraska, health and human services to individuals; service delivery; service coordination; or case management, Contractor shall submit to the jurisdiction of the Office of Public Counsel, pursuant to Neb. Rev. Stat. §§ 81-8,240 et seq. This section shall survive the termination of this contract.

**Q. LONG-TERM CARE OMBUDSMAN (Statutory)**

Contractor must comply with the Long-Term Care Ombudsman Act, Neb. Rev. Stat. §§ 81-2237 et seq. This section shall survive the termination of this contract.

**R. BUSINESS ASSOCIATE AGREEMENT (BAA)**

In the provision of any service under this contract, the Contractor must comply with all applicable law, including but not limited to federal and state statutes, rules and regulations, and guidance documents. Compliance includes, but is not limited to:

1. The Health Information Protection and Portability Act (HIPAA), as set forth in Attachment B - BAA; and
2. The Medicaid-specific, above-and-beyond-HIPAA privacy protections found at 42 CFR Part 431, Subpart F

## **S. EARLY TERMINATION**

The contract may be terminated as follows:

1. The State and the Contractor, by mutual written agreement, may terminate the contract at any time.
2. The State, in its sole discretion, may terminate the contract for any reason upon thirty (30) calendar day's written notice to the Contractor. Such termination shall not relieve the Contractor of warranty or other service obligations incurred under the terms of the contract. In the event of termination the Contractor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.
3. The State may terminate the contract immediately for the following reasons:

  - e. an involuntary proceeding has been commenced by any Party against the Contractor under any one of the chapters of Title 11 of the United States Code and (i) the proceeding has been pending for at least sixty (60) calendar days; or (ii) the Contractor has consented, either expressly or by operation of law, to the entry of an order for relief; or (iii) the Contractor has been decreed or adjudged a debtor;
  - f. a voluntary petition has been filed by the Contractor under any of the chapters of Title 11 of the United States Code;
  - g. Contractor intentionally discloses confidential information;
  - h. Contractor has or announces it will discontinue support of the deliverable; and,
  - i. In the event funding is no longer available.

## **T. CONTRACT CLOSEOUT**

Upon contract closeout for any reason the Contractor shall within 30 days, unless stated otherwise herein:

1. Transfer all completed or partially completed deliverables to the State;
2. Transfer ownership and title to all completed or partially completed deliverables to the State;
3. Return to the State all information and data, unless the Contractor is permitted to keep the information or data by contract or rule of law. Contractor may retain one copy of any information or data as required to comply with applicable work product documentation standards or as are automatically retained in the course of Contractor's routine back up procedures;
4. Cooperate with any successor Contractor, person or entity in the assumption of any or all of the obligations of this contract;
5. Cooperate with any successor Contractor, person or entity with the transfer of information or data related to this contract;
6. Return or vacate any state owned real or personal property; and,

**7. Return all data in a mutually acceptable format and manner.**

**Nothing in this Section should be construed to require the Contractor to surrender intellectual property, real or personal property, or information or data owned by the Contractor for which the State has no legal claim.**

### **III. CONTRACTOR DUTIES**

#### **A. INDEPENDENT CONTRACTOR / OBLIGATIONS**

It is agreed that the Contractor is an independent contractor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Contractor is solely responsible for fulfilling the contract. The Contractor or the Contractor's representative shall be the sole point of contact regarding all contractual matters.

The Contractor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Contractor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

By-name personnel commitments made in the Contractor's proposal shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

All personnel assigned by the Contractor to the contract shall be employees of the Contractor or a subcontractor, and shall be fully qualified to perform the work required herein. Personnel employed by the Contractor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Contractor or the subcontractor respectively.

With respect to its employees, the Contractor agrees to be solely responsible for the following:

1. Any and all pay, benefits, and employment taxes and/or other payroll withholding;
2. Any and all vehicles used by the Contractor's employees, including all insurance required by state law;
3. Damages incurred by Contractor's employees within the scope of their duties under the contract;
4. Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law; and
5. Determining the hours to be worked and the duties to be performed by the Contractor's employees.
6. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Contractor, its officers, agents, or subcontractors or subcontractor's employees)

If the Contractor intends to utilize any subcontractor specifically for the performance of this contract, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the bidder's proposal. The Contractor shall agree that it will not utilize any subcontractors not specifically included in its proposal in the performance of the contract without the prior written authorization of the State.

The State reserves the right to require the Contractor to reassign or remove from the project any Contractor or subcontractor employee specifically engaged to perform this contract.

Contractor shall insure that the terms and conditions contained in any contract with a subcontractor specifically engaged to perform this contract does not conflict with the terms and conditions of this contract.

The Contractor shall include a similar provision, for the protection of the State, in the contract with any Subcontractor specifically engaged to perform work on this contract.

The terms in this Section III.A shall only apply if Contractor engages a Subcontractor to work solely on the State contract. These terms shall not apply to any other Subcontractors that the Contractor engages (e.g., Subcontractors that perform services for Contractor's entire book of business).

#### **B. EMPLOYEE WORK ELIGIBILITY STATUS**

The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

If the Contractor is an individual or sole proprietorship, the following applies:

1. The Contractor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at <http://das.nebraska.gov/materiel/purchasing.html>

The completed United States Attestation Form should be submitted with the RFP response.

2. If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the US Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.
3. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108.

#### **C. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Statutory)**

The Contractor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Contractors of the State of Nebraska, and their Subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §48-1101 to 48-1125). The Contractor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Contractor shall insert a similar provision in all Subcontracts for services to be covered by any contract resulting from this RFP.

**D. COOPERATION WITH OTHER CONTRACTORS**

Contractor may be required to work with or in close proximity to other contractors or individuals that may be working on same or different projects. The Contractor shall agree to cooperate with such other contractors or individuals, and shall not commit or permit any act which may interfere with the performance of work by any other contractor or individual. Contractor is not required to compromise Contractor's intellectual property or proprietary information unless expressly required to do so by this contract.

**E. PERMITS, REGULATIONS, LAWS**

The contract price shall include the cost of all royalties, licenses, permits, and approvals, whether arising from patents, trademarks, copyrights or otherwise, that are in any way involved in the contract. The Contractor shall obtain and pay for all royalties, licenses, and permits, and approvals necessary for the execution of the contract. The Contractor must guarantee that it has the full legal right to the materials, supplies, equipment, software, and other items used to execute this contract.

**F. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES**

The State shall have the unlimited right to publish, duplicate, use, and disclose all information and data developed or obtained by the Contractor on behalf of the State pursuant to this contract.

The State shall own and hold exclusive title to any deliverable developed as a result of this contract. Contractor shall have no ownership interest or title, and shall not patent, license, or copyright, duplicate, transfer, sell, or exchange, the design, specifications, concept, or deliverable.

DHHS agrees not to disclose any of the Contractor's Proprietary Data (including data produced, extracted or reported from Contractor's systems) to the public, as consistent with Nebraska public records law and requests for records under Nebraska public records law. DHHS may, however, disclose to third-party governmental entities, as required by law.

**G. INSURANCE REQUIREMENTS**

The Contractor shall throughout the term of the contract maintain insurance as specified herein and provide the State a current Certificate of Insurance/Acord Form (COI) verifying the coverage. The Contractor shall not commence work on the contract until the insurance is in place. If Contractor subcontracts any portion of the Contract the Contractor must, throughout the term of the contract, either:

1. Provide equivalent insurance for each subcontractor and provide a COI verifying the coverage for the subcontractor;
2. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Contractor has verified that each subcontractor has the required coverage; or,
3. Provide the State with copies of each subcontractor's Certificate of Insurance evidencing the required coverage.

### Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.	I.C. Schedule of Events	2	The current BCBSNE administrative contract with Regional Centers expires 2/28/2019; however, the RFP requests an effective start date of 8/31/2018. Can you please confirm you are reducing the length of time of the current administrative period from that which is currently under contract with BCBSNE?	The State is not reducing the length of time of the current contract. The contracts will run concurrent to ensure successful transition of coverage and that billings are archived as necessary.
2.	IV. Proposal Instructions A.2. Corporate Overview	29	Under CORPORATE OVERVIEW, the RFP has a statement in parentheses saying "Delete Corporate Overview if Cost Only". Please explain what this statement means.	As per this Addendum, please disregard this statement, it was meant as instructional and should have been deleted before RFP release.
3.	IV. Proposal Instructions A.3. Corporate Overview	31	Under TECHNICAL APPROACH, the RFP has a statement in parentheses saying "Delete Technical	Please see response to question #2

			Approach if Cost Only". Please explain what this statement means.	
4.	VII. Cost Proposal Requirements; Attachment B Cost Proposal	32	<p>There are specific procedure codes for which you're asking for cost information beginning Year 1 through Year 6, then also for years 7 and 8 under Optional Renewals.</p> <p>There is no location/zip code information included, and our provider contracts vary by provider and by location. Please confirm what the DHHS is requesting for cost information (average by 3-digit zip code, and if so, which zip codes? Average by Metropolitan Statistical Area (MSA)?).</p> <p>By including these procedure code cost requests directly on the Cost Proposal rather than requesting the average procedure costs as a separate exhibit, are you requiring that our network reimbursement rates be administered exactly as written on the completed exhibit rather than being reimbursed on our actual contracted provider rates we have in place with each contracted provider for the proposed 6-year initial period?</p>	Please see Revised Cost Proposal Attachment B.
5.	Technical Requirements Matrix TRM-1	2	<p>TRM-1 requires bidders to list their Network of Healthcare Providers in Nebraska and include the following:</p> <p>The level or type of providers</p>	DHHS prefers that these reports be provided in a PDF format. DHHS has no preference on the layout.

			<p>Number of providers by level or type</p> <p>Numbers and types of specialists</p> <p>Geographic location of providers by level and type</p> <p>If provider agreements allow providers to bill for additional costs not covered</p> <p>Does the DHHS have a specific file format/layout you wish to see that incorporates the above data? If so, please provide.</p>	
6.			<p>We are filling out the attachment for the RFP and wanted to clarify if the proposal is open to the use of domestic and global resources.</p> <p>I was unclear based on the reading of the document.</p>	<p>The bidder's response should meet all requirements of the RFP to ensure timely and cost effective care.</p>

This addendum will become part of the proposal and should be acknowledged with the Request for Proposal response.

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this Request for Proposal (RFP) Number 5864 Z1 for the purpose of selecting a qualified Bidder to provide the Nebraska Department of Health and Human Services (DHHS) Lincoln Regional Center and Norfolk Regional Center (hereafter referred to as Regional Centers) Healthcare Network Provider and Medical Bill Processing Service. A more detailed description can be found in Section V. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract will be six (6) years commencing upon execution of the contract by the State and the Bidder (Parties)/notice to proceed. The Contract includes the option to renew for one (1) additional two (2) year period upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

ALL INFORMATION PERTINENT TO THIS REQUEST FOR PROPOSAL CAN BE FOUND ON THE INTERNET AT:  
<http://das.nebraska.gov/materiel/purchasing.html>.

**IMPORTANT NOTICE:** Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the RFP, and the successful bidder's proposal or response will be posted to a public website managed by DAS, which can be found at <http://statecontracts.nebraska.gov>.

In addition and in furtherance of the State's public records Statute (Neb. Rev. Stat. § 84-712 et seq.), all proposals or responses received regarding this RFP will be posted to the State Purchasing Bureau public website.

These postings will include the entire proposal or response. Bidders must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously in black ink with the words "PROPRIETARY INFORMATION". The bidder must submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992) THE BIDDER MAY NOT ASSERT THAT THE ENTIRE PROPOSAL IS PROPRIETARY. COST PROPOSALS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA. The State will then determine, in its discretion, if the interests served by nondisclosure outweighs any public purpose served by disclosure. (See Neb. Rev. Stat. § 84-712.05(3)) The Bidder will be notified of the agency's decision. Absent a State determination that information is proprietary, the State will consider all information a public record subject to release regardless of any assertion that the information is proprietary.

If the agency determines it is required to release proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and

daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the RFP cover page under “Bidder must complete the following” requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the vendor within ten (10) business days of request:

1. **Documentation from the United States Armed Forces confirming service;**
2. **Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);**
3. **Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and**
4. **Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.**

**Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.**

**Evaluation criteria weighting will be released with the RFP.**

### **S. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS**

**The State may determine after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to**

demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel, identified in their proposal, may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their proposals.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the proposals received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

*Acknowledged*

### **T. BEST AND FINAL OFFER**

If best and final offers (BAFO) are requested by the State and submitted by the bidder, they will be evaluated (using the stated BAFO criteria), scored, and ranked by the Evaluation Committee. The State reserves the right to conduct more than one Best and Final Offer. The award will then be granted to the highest scoring bidder. However, a bidder should provide its best offer in its original proposal. Bidders should not expect that the State will request a best and final offer.

### U. REFERENCE AND CREDIT CHECKS

### V. AWARD

The State reserves the right to evaluate proposals and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the proposals, or at any point in the RFP process, the State of Nebraska may take one or more of the following actions:

1. Amend the RFP;
2. Extend the time of or establish a new proposal opening time;

Grievance and protest procedure is available on the Internet at:

<http://das.nebraska.gov/materiel/purchasing.html>

By signing the RFP, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State of Nebraska is soliciting proposals in response to this RFP. The State of Nebraska reserves the right to reject proposals that attempt to substitute the bidder's commercial contracts and/or documents for this RFP.

The bidders should submit with their proposal any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the bidder's proposal as the document will not have been included in the evaluation process. If a conflict or ambiguity arises after the Addendum to Contract Award have been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

## Understanding of the RFP Requirements

### Section VI, Proposal Instructions, Item 3.a. Understanding of the Project Requirements and Response to Attachment A

*Blue Cross and Blue Shield of Nebraska (BCBSNE) understands the goal of the Nebraska Department of Health and Human Services' (DHHS) Regional Centers' RFP is to contract with an administrator who can deliver the following services to the patient members of the Regional Centers located in Lincoln and Norfolk:*

- Provide access to the administrator's broad-based provider network in order to achieve competitive in-network discounts on off-site medical services; and*
- Perform timely, accurate, HIPAA-compliant medical bill processing on a weekly basis for patient members who receive off-site medical care.*

## RFP 5864 Z1: TECHNICAL APPROACH

---

### Attachment A Technical Requirements Matrix RFP #5864 Z1

Bidders shall complete a Technical Requirements Matrix to provide Healthcare Network Provider and Medical Bill Processing Service. Bidders are required to describe in detail how their proposed solution meets the specifications outlined within each Requirement.

The Technical Requirements Matrix is used to document and track the project requirements from the proposal through testing to verify that the requirement has been completely fulfilled. The contractor will be responsible for maintaining the contract set of Baseline Requirements. The Technical Requirements Matrix will form one of the key artifacts required for testing and validation that each requirement has been complied with (i.e., 100% fulfilled).

The Technical Requirements Matrix must indicate how the bidder intends to comply with the requirement and the effort required to achieve that compliance. It is not sufficient for the bidder to simply state that it intends to meet the requirements of the RFP. The State will consider any such response to the requirements in this RFP to be non-responsive. The narrative should provide the State with sufficient information to differentiate the bidder's technical solution from other bidders' solutions.

The bidder must ensure that the original requirement identifier and requirement description are maintained in the Technical Requirements Matrix as provided by the State

**How to complete the traceability matrix:**

Column Description	Bidder Responsibility
Req #	The unique identifier for the requirement as assigned by the State, followed by the specific requirement number. This column is dictated by this RFP and must not be modified by the bidder.
Requirement	The statement of the requirement to which the bidder must respond. This column is dictated by the RFP and must not be modified by the bidder.

*In regard to item number 5 in TRM-1 above, all BCBSNE Network BLUE provider agreements allow providers to bill for additional costs not covered as long as the provider has the member sign a form acknowledging that a service isn't covered and that the member will be responsible for charges. For the DHHS Regional Centers account, all covered and non-covered services are hardcoded into BCBSNE's claim system logic. If a claim for a non-covered service is submitted, BCBSNE will deny payment based on the DHHS Regional Centers' direction.*

*Since the DHHS Regional Centers account is self-funded, the DHHS can request an exception at any time on denied, non-covered services by signing a Claim Exception authorization, and BCBSNE will pay the non-covered claim accordingly.*

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
TRM – 2	<b>Bidder to describe set-up, matrix design, and loading benefit system process.</b>
	<p><b>Bidder Response:</b></p> <p><i>Benefit requirements are determined by the DHHS Regional Centers. BCBSNE uploads and sends the benefit requirements to our product team for the setup and matrix design. The benefit requirements are divided into the required system categories with the required cost share and limits as dictated to BCBSNE by the DHHS Regional Centers. Benefit design information is then submitted to our claim system (Corelink) to be coded into the system by creating the matrix and associated logic for claims to pay as requested by the DHHS Regional Centers. All DHHS Regional Centers' covered and non-covered benefits are hardcoded into our systems.</i></p>
TRM – 3	<b>Bidder to describe their Healthcare Claims processing</b>
	<p><b>Bidder Response:</b></p> <p><b><u>Paper Claims</u></b></p> <p><i>Any DHHS Regional Centers' paper claims submitted by a provider are received in the BCBSNE Mail Facility, located at 96<sup>th</sup> and M Streets in Omaha, NE. A BCBSNE courier picks up the claims every hour and delivers them in a locked delivery bag to the Information Imaging Center (IIC) at the Blue Cross Centre, located at 1919 Aksarben Drive in Omaha, NE. The claims are sorted and batched by form type and scanned into FormWorks (data entry software). During the scanning process, a document control number (DCN) is assigned, with the first numbers in the DCN indicating the date the claim was scanned.</i></p> <p><i>The claim then goes through a set of business rules to confirm the member, provider and claim details are valid. Once the claims are finished being keyed, the software distributes output to two locations:</i></p> <ol style="list-style-type: none"> <li><i>1. The first location is the 837 file picked up by a system we utilize called Biztalk, sent through Foresight (another system) for validation in real time, and finally to our claim system (Corelink), all on a nightly basis. The claims are then processed in the final stage through our Eagle Rules Engine.</i></li> </ol>

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
	<p>2. <i>The second location is our claim imaging center, from which images of the claim are loaded to Maccess Exp (our document repository) and then into the subscriber folder.</i></p> <p><b><u>Electronic Claims</u></b>  <i>All DHHS Regional Centers electronic claims are received by BCBSNE and sent through BizTalk for pre-processing edits and then through Foresight for validation of business and HIPAA compliance edits. Pre-processing edits include checks for complete files and valid EDI formats, valid production file usage indicators and, if necessary, restructuring transaction sets into a combined single transaction set. Edits that require database calls include checks for authorized Trading Partner IDs, duplicate claim criteria, unique business object key (UBOK) assignment and claim counts by transaction type 837 (institutional or professional). Claims are then submitted in the final stage to the Eagle Rules Engine for processing.</i></p> <p><b><u>Claim Holds Specifically for DHHS Regional Centers</u></b>  <i>All DHHS Regional Centers' paper and electronic claims have a system hold placed on each claim for processing by a specific auditor who is trained to process DHHS Regional Centers' claims. The claim hold drives the claim to a workflow queue for the account's claims to which only the auditor trained on DHHS Regional Centers processing is assigned. The hold also provides instructions to the auditor on how to process DHHS Regional Centers' claims. The auditor utilizes a spreadsheet provided by the DHHS Regional Centers to determine if the member has other insurance, Medicare or Medicaid, and processes the claims accordingly thereafter.</i></p>
<p><b>TRM – 4</b></p>	<p><b>Provide a network of prearranged discounted healthcare rates.</b></p> <p><b>Bidder Response:</b></p> <p><i>BCBSNE's Network BLUE PPO, our broad network, is our proprietary network of contracted providers developed and maintained by BCBSNE. We do not utilize rental networks, and our Health Network Services department is dedicated to provider negotiations and the provider contracting process. Our network includes of 100% of Nebraska's non-governmental acute care hospitals and 95% of Nebraska physicians.</i></p>

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
	<p><i>All of our contracted Network BLUE PPO providers must initially satisfy a thorough credentialing process prior to becoming a contracted provider in our network. BCBSNE’s credentialing policies and procedures have been established in compliance with Nebraska law and are modeled after Utilization Review Accreditation Commission (URAC) and National Committee for Quality Assurance (NCQA) standards. Providers are re-credentialed every three years.</i></p> <p><i>Providers are contracted on a competitive fee-for-service payment methodology. We review all of our providers’ contracted reimbursement levels annually to ensure the reimbursement rates reflect the value of the service being performed. BCBSNE also has additional arrangements in place with certain clinics and providers which utilize a value-based contracting approach.</i></p>
<p><b>TRM – 5</b></p>	<p><b>Bidder to describe their process for ensuring that all inquiries will be responded to within two (2) business days.</b></p> <p><b>Bidder Response:</b></p> <p><i>BCBSNE ensures we will respond within two business days to all group-related inquiries received via emails and voicemails / phone calls from the DHHS, document who will respond (either our Account Executive or our Account Service Representative) via a tool we use for prioritizing issues (SalesForce). Any inquiries will be handled by our local account management team in Lincoln and a follow-up with the DHHS Regional Centers will also be performed to ensure the inquiry is completed.</i></p>
<p><b>TRM – 6</b></p>	<p><b>Bidder to describe how the daily claims will be processed with the understanding they will be reimbursed on a monthly basis.</b></p> <p><b>Bidder Response:</b></p> <p><b><u>Invoicing / Reimbursement</u></b></p> <p><i>Daily claims from an internal BCBSNE report, RS100720, are summarized and recorded on a weekly basis. At the present time, BCBSNE does not report these weekly totals since DHHS does not fund paid claims during the month; however, should the DHHS Regional Centers wish to receive <b>weekly claim reporting</b>, we will begin sending weekly reporting upon the DHHS’ request.</i></p>

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
	<p><i>At the start of the following month, an internal BCBSNE Claim Analysis report (report RS100813) is generated. After ensuring the reporting totals verify the total of the daily claims, including adjustments, the file is placed on the secure site where it waits until an authorized DHHS PHI viewer receives an email notification to access the file. Currently, two individuals at the DHHS are authorized to receive PHI.</i></p> <p><i>Immediately after the end of the month, BCBSNE initiates the invoicing process with the DHHS Regional Centers account for the previous month. The invoice and any non-PHI documentation such as the claim analysis summary (report RS100813) are scanned and emailed to the designated DHHS contact by the 10<sup>th</sup> business day of the month. Our current invoice includes the administrative fee as well as the previous month's claims.</i></p> <p><i>The payment term currently allowable to the DHHS Regional Centers represents a 45-day period for reimbursement of invoiced administration and claim amounts.</i></p> <p><i>On the fifth day of each month, BCBSNE generates a membership report for the DHHS showing the DHHS Regional Centers' enrollment detail, which includes:</i></p> <ul style="list-style-type: none"><li><i>• Claim system contract number</i></li><li><i>• Last name</i></li><li><i>• First name</i></li><li><i>• Eligibility date</i></li></ul>

**RFP 5864 Z1: TECHNICAL APPROACH**

REQ #	REQUIREMENT
TRM - 7	<b>Bidder to describe how they will conduct meetings, phone conferences, and training as deemed necessary by the State for the purpose of education, implementation, and other issues that may arise.</b>
<b>Bidder Response:</b>  <i>The DHHS Regional Centers' dedicated, Lincoln-based account team consists of Cortney Ray, Director of Government and Association Business, and Christa Hofferber, Lead Account Service Representative. Cortney and Christa are more than willing to participate in onsite meetings, conference calls or web conferences with the DHHS Regional Centers at any time. Any training needs will be discussed with the DHHS Regional Centers and the appropriate format of the training (in person or via web conference) will be conducted by BCBSNE.</i>	
TRM - 8	<b>Bidder to describe process for making sure that denials and duplicate billings are nominal by reassigning or reprocessing.</b>
<b>Bidder Response:</b>  <i>BCBSNE's process for medical bill processing for the DHHS Regional Centers includes a mandatory claim hold for every claim submitted, whether the claim is a paper claim or if it's an electronic claim. This hold prompts the assigned team of claim processors for the DHHS Regional Center to carefully review each claim to determine payment. With claim stoppage, each claim is essentially being reviewed manually to ensure no claims are processed for payment on services hardcoded as excluded services.</i>	

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
TRM - 9	Bidder to describe process for making sure that denials and duplicate billings are nominal by reassigning or reprocessing.
	<p><b>Bidder Response:</b></p> <p><i>BCBSNE's process for medical bill processing for the DHHS Regional Centers includes a mandatory claim hold for every claim submitted, whether the claim is a paper claim or if it's an electronic claim. TRM - 10	Ensure a turnaround time of bill processing within seven (7) to ten (10) working days.
	<p><b>Bidder Response:</b></p> <p><i>BCBSNE does not offer employer-specific turnaround time guarantees; therefore, we are not guaranteeing a seven-to-ten working day turnaround for 100% of the DHHS Regional Centers' medical bills. We have included this discrepancy within <a href="#">EXHIBIT A – RFP Deviations</a>.</i></p>
TRM - 11	Bidder to describe their process of notifying the Regional Centers within ten (10) business days of providers leaving the bidder's Provider Network.
	<p><b>Bidder Response:</b></p> <p><i>As requested by the DHHS Regional Centers, BCBSNE does not follow normal protocol surrounding member notification letters if a terminating provider has been utilized in the 18 months prior to termination. Instead, BCBSNE suppresses all member notification letters on the DHHS Regional Centers account, and our account team provides communication directly to the DHHS for provider terminations that significantly impact Regional Center patient members.</i></p>

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
	<p><i>Due to the depth of BCBSNE's broad network (100% of non-governmental hospitals and 95% of physicians), provider terminations are relatively rare and have minimal impact to our members.</i></p>
TRM - 12	<p><b>Bidder to list all reports (by Title or Topic) that are considered Standard Reports and will be included with this service. These reports are the reports that are provided at no additional cost to the State.</b></p>
	<p><b>Bidder Response:</b></p> <p><i>The following list includes our standard reports which we make available to our clients. Certain reports would likely not be relevant to the DHHS Regional Centers; however, we're listing all reports in our standard package as they would be available to the DHHS Regional Centers upon request and free of charge:</i></p> <ul style="list-style-type: none"> <li>• <b>SSRS Example</b> – Presentation report deck utilized by BCBSNE's client consultants/account executives for quarterly and annual presentations</li> <li>• <b>Claim Lag Reports</b> – Sample lag reports with multiple tabs for various slices of data (medical, pharmacy, dental, etc). These reports are generated by Insight, our data analytics tool</li> <li>• <b>Claims by Plan Design</b> – Claims and enrollment by plan design (e.g. PPO vs. HSA, with the specific deductible amounts)</li> <li>• <b>HCC 100k</b> – Sample high- cost claimant (HCC) stop loss report with PHI fields (blank for this purpose)</li> <li>• <b>Member List</b></li> <li>• <b>Preventive Cancer Screenings</b> – This report highlights breast cancer screenings and colorectal cancer screenings</li> <li>• <b>Preventive Services – 100% by DX</b> – this report shows all claims paid with a preventive diagnosis (used to be called Bucket 3). We can also provide a similar report that shows the narrower view (preventive procedures with preventive diagnosis or Bucket 2)</li> <li>• <b>SRP Example</b> – Standard report pack for groups</li> <li>• <b>Care Management Dashboard</b> – Shows a group's engagement in our Care Management programs.</li> </ul>

## RFP 5864 Z1: TECHNICAL APPROACH

REQ #	REQUIREMENT
	<ul style="list-style-type: none"> <li>• <b>Cover Sheet</b> – Designed by the client consultants to accompany standard reports. Highlights key metrics in a simplified output and is generated via Insight.</li> <li>• <b>Current YTD vs. Prior YTD Snapshots (with or without Pharmacy)</b> – Two-page output that contains data and graphs generated via Insight for our larger groups. This potentially accompanies the standard reports for customers who prefer a different view of the data</li> <li>• <b>Pharmacy Utilization</b> – This visualization targets potential savings if a group decides to enroll in specific pharmacy programs</li> <li>• <b>Telehealth Utilization</b> – This visualization shows telehealth utilization. If the group is too small, we have a book of business version to share as well</li> <li>• <b>Claims and Enrollment</b> – Monthly paid claims and enrollment months</li> </ul> <p>We have included sample copies of reports which we think would be relevant to the DHHS Regional Centers within <a href="#">EXHIBIT F – Sample Client Reports</a>.</p> <p>The DHHS Regional Center account is currently receiving a membership report and a claims analysis report (listing of all claims paid) from BCBSNE, but the above reports would be available should the account wish to receive additional information. There would be no charge for this standard reporting.</p>

## Proposed Developmental Approach

### Section VI, Proposal Instructions, Item 3.b. Proposed Development Approach

*Since April 2009, BCBSNE has been the health care medical bill processing administrator for the Nebraska DHHS Regional Centers, providing the DHHS Regional Centers with access to our statewide Preferred Provider Network, NETwork BLUE, for off-site medical care services which may be required for patient members of the Regional Centers. Since the contract currently exists between BCBSNE and the Nebraska DHHS Regional Centers, our proposed developmental approach is to, at a minimum, maintain our timely medical bill processing functions and our broad network of contracted providers.*

*At the direction of the DHHS Regional Centers, BCBSNE provides medical bill processing (payment) services on specific medical benefits the DHHS Regional Centers deems as covered services, utilizing the contracted reimbursement rates established through BCBSNE's NETwork BLUE provider contracts. Both covered and non-covered benefits are hardcoded into our claim system as described in further detail in the **Technical Requirements Matrix** (pages 2 – 12 of this document).*

## Technical Considerations

### Section VI, Proposal Instructions, Item 3.c. Technical Considerations

#### ***Statewide BCBSNE Preferred Provider Network for Patient Members***

*BCBSNE utilizes our broad Network BLUE PPO network of providers for DHHS Regional Centers' patients when they incur medical services off-site within the state of Nebraska.*

*BCBSNE's Health Network Services department personnel work continuously to achieve competitive provider contracts for Network BLUE through annual contract renewal negotiations with providers.*

*Within the state of Nebraska, BCBSNE's broad provider network includes **100% of non-governmental hospitals** and approximately **95% of all physicians**, allowing DHHS Regional Centers' members immediate access to health professionals and facilities within the Lincoln and Norfolk communities, as well as statewide.*

*As requested in TRM-1 in the Technical Requirements Matrix, we have included a summary of the number and types of providers within the Lincoln and Norfolk communities based on points of access. In addition, our Exhibit section includes provider directories for our network providers as follows:*

- *[EXHIBIT C – Network BLUE Provider Directory, Nebraska](#)*
- *[EXHIBIT D – Network BLUE Provider Directory, 25-Mile Radius of Lincoln, NE](#)*
- *[EXHIBIT E – Network BLUE Provider Directory, 25-Mile Radius of Norfolk, NE](#)*

*BCBSNE's total medical membership within the state of Nebraska – 432,000 members – combined with 232,000 members of other Blue Cross/Blue Shield Plans residing in Nebraska – who also utilize our Network BLUE network – provides BCBSNE leverage to achieve competitive provider discounts and offer our customers a large provider base for access to in-network care.*

## RFP 5864 Z1: TECHNICAL APPROACH

---

### **Medical Bill Processing**

*The Nebraska DHHS Regional Centers' patient medical bills will continue to be processed according to current BCBSNE established DHHS Regional Centers' processes and procedures as noted in greater detail within our **Technical Requirements Matrix** response on pages 2-12 of this document.*

*From a **benefit payment** perspective, the contract in place with the Nebraska DHHS Regional Centers is an arrangement whereby eligible medical bills (claims) incurred with **network providers** are paid in full based on the contracted provider reimbursement rate through BCBSNE's **NETwork BLUE** provider network. The patient members of the DHHS Regional Centers have no member liability for deductibles or coinsurance, except for a limited set of claim types noted below.*

*Periodically, the Nebraska DHHS may request exceptions regarding claims involving Medicaid, Medicare or DHHS direct billing, which BCBSNE will administer as directed.*

#### **Excluded Claim Types:**

- *Chiropractic services, regardless of the network status of the provider*
- *Dental services, unless related to an accident*
- *Vision services, unless due to an eye injury or disease*
- *Prescription drug claims*
- *Workers' compensation claims*
- *Claims for newborns (they will be processed under Medicaid)*
- *Claims from non-contracted providers*

*Members do not receive ID cards or Explanations of Benefits (EOBs) since all medical claims, except as noted above, are payable as billed based on the contracted provider rate. In addition, there is no pre-certification required on the plan.*

## RFP 5864 Z1: TECHNICAL APPROACH

---

### ***Invoicing Claims and Administration Fees to DHHS Regional Centers***

*BCBSNE does not require our self-funded customers to establish a bank account from which BCBSNE writes checks or issues medical bill (claim) payments. Instead, BCBSNE initially pays all claims submitted from providers out of our own bank account.*

*As described in further detail in the **Technical Requirements Matrix** on pages 2 - 12 within this document, after making the initial provider payment, BCBSNE compiles all issued medical bill payments (net paid claims) and subsequently bills the DHHS Regional Centers on a monthly basis, as requested. This allows providers to receive prompt payment and the DHHS Regional Centers to be billed on a regular monthly basis thereafter.*

*After a month-end evaluation process is complete to ensure accurate processing for medical bill payments, BCBSNE scans and emails prior month issued claim amounts and flat dollar administrative fees to the designated DHHS Regional Center point of contact by the 10<sup>th</sup> business day of the following month. The DHHS Regional Centers respond with the required wire transfer payment within 45 days of the date of invoice, wire transferring invoiced amounts for medical bills and administrative fees accordingly.*

*The **monthly billing cycle** requested by the DHHS Regional Centers is utilized, and BCBSNE allows the DHHS Regional Centers to reimburse the billed amounts within 45 days from the date the medical bill total and administrative fee invoices are submitted.*

*In regard to **patient member eligibility**, it is assumed the Nebraska DHHS Regional Center will continue to submit weekly updates to BCBSNE which we then load into our membership system.*

### II. TERMS AND CONDITIONS, G. BREACH

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

### III. CONTRACTOR DUTIES, A. INDEPENDENT CONTRACTOR / OBLIGATIONS

If the Contractor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the bidder's proposal. ### DEVIATION

*BCBSNE does not agree to the statements made as noted above (last four paragraphs of the full provision). BCBSNE utilizes subcontractors on a corporate-wide enterprise basis. #### DEVIATION

*BCBSNE is not agreeing to the last paragraph immediately above and is recommending the following as a replacement:*

*BCBSNE agrees that it shall not solicit DHHS Regional Centers employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of DHHS Regional Centers.*

### IV. PAYMENT, H. RIGHT TO AUDIT (DHHS states first paragraph is statutory)

The State shall have the right to audit the Contractor's performance of this contract upon a 30 days' written notice. Contractor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. The State may audit and the Contractor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Contractor shall make the Information available to the State at Contractor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Contractor so elects, the Contractor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Contractor be required to create or maintain documents not kept in the ordinary course of contractor's business operations, nor will contractor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to contractor.

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds one-half of one percent (.5%) of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Contractor, the Contractor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety days of written notice of the claim. The Contractor agrees to correct any material weaknesses or condition found as a result of the audit.

#### DEVIATION

*1. The Federal government provides insurance carriers/administrators a minimum of 45 days' notice; therefore, BCBSNE will require at least 45 days' notice of an external audit (preference would be 60 days).*

## RFP 5864 Z1: RFP Deviations

---

*2. The statutes do not address the ability to audit for a period of five years after the completion of the contract; therefore, BCBSNE will limit the right to audit to the contract period.*

*3. BCBSNE does not pay for external audits; therefore, we cannot agree to the paragraph on the preceding page referencing reimbursement to the State for the total costs of the audit in the case of overpayments, fraud, misrepresentations or non-performance.*

**TRM-10: (Bidder shall) Ensure a turnaround time of bill processing within seven (7) to ten (10) working days.**

### DEVIATION

*BCBSNE does not offer employer-specific turnaround time guarantees; therefore, we are not guaranteeing a seven-to-ten working day turnaround for 100% of the DHHS Regional Centers' medical bills.*

## INDEPENDENT AUDITOR'S REPORT

---

The Board of Directors  
BlueCross BlueShield of Nebraska  
Omaha, Nebraska

### **Report on the Financial Statements**

We have audited the accompanying statutory financial statements (financial statements) of BlueCross BlueShield of Nebraska (the Company), which comprise the statutory statements of admitted assets, liabilities, and policyholder surplus as of December 31, 2017 and 2016, and the related statutory statements of operations and changes in policyholder surplus, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 to the financial statements, the financial statements are prepared using accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of BlueCross BlueShield of Nebraska as of December 31, 2017 and 2016, or the results of its operations or its cash flows for the years then ended.

**Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and policyholder surplus of BlueCross BlueShield of Nebraska as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note 1.

**Report on Supplementary Information**

Our audit as of and for the year ended December 31, 2017 was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information included in the *Supplemental Schedule of Investment Risks Interrogatories* and the *Summary Investment Schedule* on pages 51 through 55 are required to be presented to comply with the National Association of Insurance Commissioners' *Annual Statement Instructions* and the National Association of Insurance Commissioners' *Accounting Practices and Procedures Manual* and are not a required part of the financial statements. Such information included in the schedules referred to above is the responsibility of management, is presented for purposes of additional analysis and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

BCBSNE provides Medicare Supplement coverage on both individual and group policies and sponsors Medicare Part D plans on an individual and group basis.

BCBSNE also performs claims administrative and management services for other BlueCross and BlueShield plans, several state and Federal governmental entities, and various fully and modified self-insured groups within the State of Nebraska. The claims administrative services business represents a significant portion of the Company’s business. Stop loss coverage is provided for certain large commercial business groups in this segment for a risk based premium.

*Accounting Practices*

The financial statements of BCBSNE are presented on the basis of accounting practices prescribed or permitted by the Department. The National Association of Insurance Commissioners’ (NAIC) *Accounting Practices and Procedures Manual*, as amended (NAIC SAP), has been adopted as a component of prescribed or permitted practices by the State of Nebraska. The Director of Insurance has the right to permit other specific policies that deviate from prescribed practices. The Company files a Health Annual Statement and does not utilize any other accounting policies other than the policies and practices recognized in NAIC SAP. With the exception of a permitted practice granted by the Department during 2017 as described below.

The NE DOI granted BCBSNE a permitted practice which allowed the company to record the realized loss on its investment in CoreLink (held by Azure), which is currently booked as a fully unrealized loss of \$68,304,548, through surplus instead of through a realized loss on its income statement as required by SSAP #97, paragraph 32. The economic impact has already been recognized through the reduction of surplus and reclassifying through operations would cause confusion on this unique transaction.

## NOTES TO STATUTORY FINANCIAL STATEMENTS

---

The following are some of the significant differences between NAIC SAP and accounting principles generally accepted in the United States of America (“GAAP”).

- (a) Investments in bonds are generally carried at amortized cost. Under GAAP, bonds are carried at either amortized cost or estimated fair value based on their classification according to the Company’s ability and intent to hold or trade the securities;
- (b) Acquisition costs, such as commissions and other costs related to acquiring new business are expensed as incurred. Under GAAP, such costs are deferred and amortized to income as premiums are earned;
- (c) Federal income taxes incurred are reported on a current basis for the statutory statements of operations. Deferred taxes are recorded for differences between book and tax basis accounting; however, there are limitations as to the amount of deferred tax assets that may be reported as “admitted assets.” Under GAAP, such assets are recorded on the balance sheet net of any valuation allowance. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus;
- (d) Certain non-liquid assets are excluded from the balance sheet as “non-admitted assets”. Changes in the balances of non-admitted assets are recorded directly to policyholder surplus. Under GAAP, such “non-admitted assets” are recorded on the balance sheet, net of any valuation allowance;
- (e) Reinsurance recoverable on unpaid losses are reported as a reduction of loss and policy reserves. Under GAAP, such amounts are reported as an asset;
- (f) Comprehensive income and its components are not presented in the statutory financial statements;
- (g) Corrections of errors are reported as adjustments to policyholder surplus in the period an error is detected. Under GAAP, such adjustments require previously reported financial statements to be restated. There were no errors reported in 2017 and 2016;
- (h) An administrative service contract is a type of uninsured accident and health plan where the reporting entity, as an administrator, performs administrative services such as claims processing for a third-party that is at risk, and accordingly, the administrator has not issued an insurance policy. Under this plan, the reporting entity pays claims from its own bank account, and subsequently receives reimbursement from the uninsured plan sponsor. The net difference between premium equivalents and the reimbursement of claims is recorded under SAP as an offset to general expenses. Under GAAP, the gross amounts are recorded as premium and claims under certain circumstances;
- (i) Net negative cash balances are reported as a negative asset rather than as a liability under GAAP; and
- (j) The statutory statement of cash flows differs in certain respects from the presentation required within GAAP literature, including presentation of changes of cash and short investments instead of cash and cash equivalents. In addition, GAAP requires a reconciliation of net income to net cash from operating activities. Short term investments include securities with a maturity of one year or less and are included in the cash balance, whereas GAAP excludes short term investments from cash. Both statutory and GAAP include cash equivalents in the cash balance. GAAP cash equivalents are defined as highly liquid investments with a maturity of three months or less at acquisition.

### *Accounting Policies*

The Company uses the following accounting policies:

#### *Cash and Short-term Investments*

The Company considers all highly liquid securities purchased with an original maturity of three months or less to be cash or cash equivalents. Short-term investments include all investments whose maturities, at the time of acquisition, are one year or less and are stated at amortized cost.

The Company has implemented the change in SSAP 2R which re-classes money market funds from short-term investments to cash and cash equivalents in 2017. In accordance with the change, this has been applied on a prospective basis.

#### *Investments*

Bonds are stated at Amortized Cost, except for those bonds with a NAIC designation of between 3 - 6, which are stated at the lower of amortized cost or estimated fair value. Amortized cost may represent an amount after a write-down of a bond for impairment. The premium and discount from par value are amortized using the scientific method. Premiums and discounts on mortgage and asset backed bonds are amortized using the retrospective method based on anticipated prepayments at the date of purchase. Prepayment assumptions are obtained from broker dealer survey values or internal estimates.

Unaffiliated common stocks are reported at market. Unaffiliated restricted common stocks, affiliated common stocks, and all other invested assets are reported under the equity method as determined in accordance with generally accepted accounting principles, adjusted to reflect statutory accounting practices where required.

All real estate is reported at cost less accumulated depreciation.

Market value of bonds and unaffiliated common stocks are based on values prescribed by the Securities Valuation Office of the NAIC (statutory value). For securities not actively traded, market value is based upon estimates obtained from independent pricing services or valued at their underlying equity.

Net unrealized gains and losses resulting from the change in book value of investments carried at market or equity value are credited or charged directly to policyholder surplus. For investments carried at amortized cost, the amortization of premiums and accretion of discounts are recognized as adjustments to investment income.

#### *Investment Income and Realized Capital Gains/Losses*

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis and dividends are recorded as earned at the ex-dividend date. Accrual of income is suspended for bonds that are in default or when the receipt of interest payments is in doubt. Realized capital gains and losses are determined on a specific identification basis and recorded in operations.

#### *Capitalization Policy*

The capitalization policy in 2017 for recording new fixed assets is greater than \$5,000. In addition, effective January 1, 2018, bulk purchases of fixed assets in excess of \$5,000 such as, refreshing office and conference room furniture but excluding EDP equipment and software will be capitalized.

### *Property and Equipment*

Furniture and equipment are carried at cost less accumulated depreciation. The Company provides for depreciation of property and equipment using straight-line methods over the lesser of the estimated useful life of the related asset or seven years.

### *Data Processing Equipment*

Data processing equipment and computer software are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the lesser of the estimated useful life of the related asset or three years for data processing equipment and operating system software. Depreciation for application system software is computed using the straight-line method over the lesser of its estimated useful life or five years.

### *Non-Admitted Assets*

Furniture and equipment, other prepaid expenses, and certain portions of deferred tax assets, data processing equipment, aged receivables and certain invested assets are designated as “non-admitted” under statutory reporting requirements. These assets are excluded from the statutory statements of admitted assets, liabilities, and policyholder surplus by adjustments to policyholder surplus.

### *Premium Income*

Insured member premiums due are billed in advance of their respective coverage periods and are recorded as earned during the coverage period. The unearned portion of premiums for the coverage period is reflected in the statement of admitted assets, liabilities and policyholder surplus as premiums received in advance.

### *Premium Deficiency Reserve*

To the extent that premiums received or to be received, for specific classes of business, are insufficient to cover estimated healthcare and other costs over the life of the underlying contracts, the Company establishes a liability for the related premium deficiency. Investment income has been considered a factor in the premium deficiency calculation. The analysis resulted in a premium deficiency reserve of \$0 and \$0 in 2017 and 2016, respectively.

### *Policy and Contract Claims*

Policy and contract claims are shown net of reinsurance, subrogation, and coordination of benefits amounts. The Company provides a liability for unpaid incurred claims based on estimates using average ultimate claim costs for reported claims, and estimates of unreported losses based upon past experience. Differences between actual and estimated claims are charged to operations in the year the differences become known.

### *Aggregate Health Policy Reserves*

The Company provides a liability for policies issued that includes a rate stabilization provision. This liability is estimated based on actual claim experience and other various factors for policies with this provision.

### *Fair Values of Financial Instruments*

The Company has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When

## NOTES TO STATUTORY FINANCIAL STATEMENTS

---

determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Company classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP No. 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Bonds – Issuer Obligations, including Industrial and Miscellaneous:* Valued based on NAIC market values. For those securities not actively traded, quoted market prices of comparable instruments or discounted cash flow analysis are used based upon inputs that are observable in the markets for similar securities. Inputs include benchmark yields, credit spreads, default rates, prepayments and non-bonding broker quotes.

*Bonds – Mortgage and Other Asset Backed Bonds:* Valued based on Residential Mortgage Backed Securities modeling file provided by the NAIC. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

*Common Stock Unaffiliated and Mutual Funds:* Valued based on NAIC quoted market values. If NAIC market values are unavailable then value is determined based on the underlying equity.

*Common Stock Affiliated:* Value is based on the underlying equity of the affiliate.

*Other Invested Assets:* Value is primarily based on the underlying equity of the related entity.

*Cash and Cash Equivalents:* The carrying amounts approximate their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### *Risks and Uncertainties*

The Patient Protection and Affordable Care Act (ACA) impacts the health insurance marketplace and the Company's operations. ACA has enabled a large percentage of the uninsured to be eligible for coverage and provided subsidies to support the purchase of insurance for many. Medicaid eligibility can be expanded at the discretion of the State of Nebraska which has not occurred as of December 31, 2017. New regulations are reducing carrier margins and the flexibility of health insurance products. The market for individual insurance is becoming a retail market with sales directly to consumers through government-regulated exchanges, some of whom may require a higher level of health services as was experienced during 2017 and 2016. In third quarter of 2016, the Company decided not to participate on the Federal Market Place for 2017 but continued to have an ACA off exchange product in 2017. Effective 1/1/2018 BCBSNE will no longer offer an ACA off exchange product, but does continue to have the pre ACA "Keep your Plan" products.

The Company operates in a business environment which is subject to various risks and uncertainties. Such risk and uncertainties include, but are not limited to, interest rate risk, market valuation risk, credit risk, medical inflation risk and risks related to legal and regulatory changes.

### *Use of Estimates in the Preparation of the Financial Statements*

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Material estimates susceptible to significant change include policy and contract claim reserves, ACA receivables and payables, actuarial projections of pension and post-retirement benefit liabilities, the fair value of investments, investment impairments, cost allocation processes and deferred income taxes.

### *Cost Accounting and Allocation Methodology*

The Company utilizes an activity-based methodology for assigning costs.

### *Investment Impairment Methodology*

The Company regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to, the company's intentions to sell or ability to hold the investments; the length of time of temporary impairment, the magnitude of the unrealized loss; the credit ratings of the issuers of the investments, and other information specific to the investment, the Company has concluded that the declines in the fair values of the Company's investments in bonds at December 31, 2017 and December 31, 2016 are temporary.

The Company considers various factors when evaluating whether a decline in the fair value of common stock securities are other than temporary, including but not limited to, the length of time of temporary impairment and magnitude of the unrealized loss; the volatility of the investment; analyst recommendations and price targets; opinions of the Company's investment managers; market liquidity; and the Company's intentions to sell or ability to hold the investments. Based on an evaluation of these factors, Amerihealth Nebraska, Inc. was impaired in 2016 for \$4,443,301 (see NOTE 5). The Company has concluded that the declines in the fair values of the Company's remaining investments in common stocks at December 31, 2017 and December 31, 2016 are temporary.

The Company also regularly reviews and considers multiple factors when evaluating whether there is a decline which is other than temporary in the equity value of their various private equity investments. Based on an evaluation of the financials, length of time of any unrealized loss and underlying business of the

## NOTES TO STATUTORY FINANCIAL STATEMENTS

private equity it is determined if there would be any ongoing concern of the investment. At December 31, 2017, it was determined that the Company would impair its investment in Corelink Administrative Solutions, a holding of Azure Equity Management, LLC. Due to the end of its useful life and the transition to a new claims system, it was determined that Corelink needed to be impaired by \$68,304,548. This impairment amount was determined based on Corelink's current market value holding on Azure's books. (see NOTE 5)

### *Income Taxes*

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for statutory and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus. The Company follows the SSAP No. 101, *Income Taxes*.

On December 22, 2017, the President signed the "Tax Cuts and Jobs Act" into law. The bill lowers the corporate tax rate from 35% to 21% beginning in 2018, however, since the bill was enacted prior to December 31, 2017 insurance companies are required to adjust the value of deferred taxes. Therefore, the company has calculated all deferred tax assets and liabilities at the 21%.

### *Advertising Costs*

All advertising and promotion costs are expensed when incurred. Advertising expense amounted to \$1,183,466 and \$2,676,792 for the years ended December 31, 2017 and 2016, respectively.

## **NOTE 2 - INVESTMENTS**

### *Loan-backed Securities*

The Company has no direct investments in mortgage loans. The Company has \$155,984,403 and \$135,506,858 of loan-backed securities in its bond portfolio at December 31, 2017 and 2016, respectively. The Company has no securities with a recognized other-than-temporary impairment that it intends to sell or is unable or does not intend to retain for a period of time sufficient to recover the amortized cost basis. The Company believes these investments are fully recoverable and has not recorded any valuation reserves for these securities. The prepayment assumptions used for single class and multi-class mortgage backed and asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

The purpose of the Partnership is to make equity and debt investments in United States real estate assets. These transfers and subsequent exchange generated a realized gain of \$11,027,910. This is described in more detail below. At December 31, 2017 and December 31, 2016, the investment in Azure is \$9,662,157 and \$15,956,880 respectively. In 2017, Azure had \$748,877 of assets which were non-admitted on BCBSNE's books related to investments below.

The guarantee decreases annually and will be \$6,000,000 in the aggregate on the fourth anniversary date. Management does not expect any material adverse financial results from the guarantee agreement. At the end of 2017, due to the end of its useful life and BCBSNE's planned transition to a new claims system, CoreLink was impaired for \$68,304,548, which represented the accumulated unrealized loss recognized by BCBSNE thru its contingency reserve. The Nebraska Department of Insurance granted BCBSNE a permitted practice which allowed the Company to reverse the unrealized loss for CoreLink and charge it against contingency reserve as a write-in instead of recognition thru the income statement, resulting in zero impact to contingency reserve. The HealthEdge platform is the new claims processing system BCBSNE will be migrating to starting in 2017 and is estimated to have an overall cost of \$75,000,000. The implementation cost incurred in 2017 was \$3,169,017.

### **NOTE 6 - RETIREMENT PLANS, DEFERRED COMPENSATION, POST EMPLOYMENT AND OTHER POSTRETIREMENT BENEFIT PLANS AND COMPENSATED ABSENCES**

#### *Defined Benefit Plan*

The Company participates in the BlueCross and BlueShield Association's National Retirement Program which sponsors a defined benefit pension plan (DB plan) covering certain of the Company's qualifying employees. The benefits are based on years of service and the employee's final average compensation.

Effective January 1, 2006, the Company limited employee participation in the defined benefit retirement plan to those individuals who had five years of service and were fully vested. A new defined contribution plan was provided to those employees who were not vested as of January 1, 2006 in the defined benefit plan.

In 2017, settlement accounting was triggered for the company's defined benefit plan due to the number of retirements and also due to terminated vested employees taking lump-sum payments. Settlement accounting resulted in accelerated recognition of the unrecognized loss that was to be amortized over the expected working life of the population participating in the plan. Due to the dollar amount of the lump sums equaling more than is allowed under an actuarially determined formula, a portion of the unrecognized loss must be recognized immediately. For 2017, the settlement expense was \$4,375,935 and in 2016, the settlement expense was \$1,207,205.

## NOTES TO STATUTORY FINANCIAL STATEMENTS

---

Effective as of December 31, 2014, BCBSNE froze future benefit service for eligible plan members of the defined benefit retirement plan. However, service period for vesting and for early retirement purposes continues to apply. This change generated a curtailment expense of \$3,065,595 due to recognizing all prior service costs and transition obligations in General and Administrative expense, that would have been amortized over the future expected service period of the eligible plan members, although the December 31, 2014 pension benefit obligation is unaffected. The benefit formula still recognizes increases in pensionable compensation although there will no longer be a service cost recognized in future years.

The basis used to determine the overall expected long-term rate of return on assets assumption is a forward-looking approach based on the current long-term capital market outlook assumptions of the asset categories the trust invests in and the trust's target asset allocation. The assumed and target long-term asset allocation for the plan is: 15-25% equity securities, 66-74% debt securities, and 6-14% other securities.

Using a mean-variance model to project returns over a 30 year horizon under the target asset allocation, the 35<sup>th</sup> – 65<sup>th</sup> percentile range of annual rates of return is 4.6%-5.8%.

The Company selected the expected return on asset assumption of 5.25% for 2017. This rate is net of both investment related expenses and a 0.10% reduction for other administrative expense charged to the Trust.

The investment program for the BlueCross BlueShield National Retirement Trust is based on the precepts of capital market theory that are generally accepted and followed by institutional investors, who by definition are long-term oriented investors. The philosophy holds that:

1. Increasing risk is rewarded with compensating returns over time and therefore, prudent risk taking is justifiable for long-term investors.
2. Risk can be controlled through diversification of asset classes and investment approaches as well as diversification of individual securities.

## NOTES TO STATUTORY FINANCIAL STATEMENTS

---

3. Risk is reduced by time, and over time the relative performance of different asset classes is reasonably consistent. Over the long-term, equity investments have provided and should continue to provide superior returns over other security types. Fixed-income securities can dampen volatility and provide liquidity in periods of depressed economic activity. Lengthening duration of fixed income securities may reduce surplus volatility.
4. The strategic or long-term allocation of assets among various asset classes is an important driver of long-term returns.
5. Relative performance of various asset classes is unpredictable in the short-term and attempts to shift factually between asset classes are unlikely to be rewarded.

Investments will be made for the sole interest of the participants and beneficiaries of the programs participating in the National Retirement Trust. Accordingly, the assets of the BlueCross BlueShield National Retirement Trust shall be invested in accordance with these objectives:

1. To ensure assets are available to meet current and future obligations of the participating programs when due.
2. To earn the maximum return that can be realistically achieved in the markets over the long term at a specified and controlled level of risk in order to minimize future contributions.
3. To invest assets with consideration of the liability characteristics in order to better align assets and liabilities.
4. To invest the assets with the care, skill, and diligence that a prudent person acting in a like capacity would undertake. The Committee acknowledges that, in the process, it has the objective of controlling the costs involved with administering and managing the investments of the trust.

During January 2018, BCBSNE contributed \$6,500,000 to the pension plan.

### *Defined Contribution Plans*

#### 401(k) Plan

The Company has Tax-Favored Savings Plans under Section 401(k) of the Internal Revenue Code (IRC). All eligible employees are auto enrolled at 3% deferral rate upon hire. The Plans allow employees to defer a portion of their income on a pre-tax basis through contributions to the 401(k) Plans. In accordance with the provisions of the 401(k) Plans, for every dollar the employee contributes, up to 10% of the employee's wages, BCBSNE will make contributions based on the following contribution schedule: 100% match on the first 3% of compensation contributed, 50% match on the next 2% of compensation contributed, 20% match on the next 5% of compensation contributed. The maximum company match will be 5% on employee contributions up to 10%. Employees are immediately 100% vested in their contributions and are eligible for the company match after six months of employment. Employees are fully vested in the Plans after three years of employment. The cost of the Plans for BCBSNE was \$3,071,527 in 2017 and \$3,040,429 in 2016.

#### Nonqualified Deferred Compensation Program (401(k) Wrap Plan)

The Company has established a Nonqualified Deferred Compensation Plan to provide certain employees the opportunity to make elective contributions and receive employer matching contributions in excess of those permitted under the Employer's Tax-Favored Savings Program and the Code (Internal Revenue Code of 1986). The Plan is considered an unfunded plan for IRC purposes with any assets set aside to fund the Plan subject to the general creditors of BCBSNE. The Company's expense for this Plan was \$306,576 in 2017 and \$147,206 in 2016.

#### Defined Contribution Plan (replacing the Defined Benefit plan)

Effective January 1, 2006, the Company established a Qualified Defined Contribution Plan for those employees who had less than five years of service as of December 31, 2005 and therefore, were not participants in the Company's Defined Benefit Plan. This Plan makes a 4% Company contribution based on employees' gross income on a per pay period basis. A new employee becomes eligible for the Defined Contribution Plan on the first day of the quarter following six months of employment. Employees are fully vested after three years of service. The Company contribution under this Plan was \$3,234,357 in 2017 and \$3,227,952 in 2016.

### *Post Retirement Benefit Plan*

The Company provides certain health care and life insurance benefits ("postretirement benefits") for retired employees. Substantially all employees may become eligible for these benefits if they reach retirement age while working for the Company. Health coverage provided to retirees varies based upon a number of factors including years of service. Life benefits are generally established at an amount based upon years of service and amount of life benefits the retiree was entitled to as an active employee. The life benefits are reduced by certain percentages, subject to maximum limits, when the retiree attains age 65, 70 and 75. On January 1, 2008, the Company capped the employer related costs.

### NOTE 7 - POLICY AND CONTRACT CLAIMS

The Company recorded a total liability for policy and contract claims of \$224,896,298 and \$200,825,042 as of December 31, 2017 and 2016, including liability for unpaid claim adjustment expenses of \$44,209,976 and \$35,747,526, respectively. An analysis of the liability for policy and contract claims, excluding claim adjustment expenses, follows:

Balance at end of the year	<u>\$ 180,686,321</u>	<u>\$ 165,077,516</u>

During 2017 and 2016, the Company had (favorable)/unfavorable development of \$(6,971,932) and \$4,274,495, respectively, related to prior years. These amounts included \$(3,435,004) in 2017 and \$4,144,818 in 2016, for programs with rate stabilization reserves which provide for offsetting of these amounts through premiums. The net incurred (gains)/losses related to prior years which impacted the Company's financial results in 2017 and 2016 were \$(3,536,928) and \$129,677, respectively. The amount of subrogation recoverable netted against claim reserves for 2017 was \$15,000,000 and for 2016 was \$15,000,000.

The current reserve model was implemented in 2011. This model combines a standard completion factor and a projected PMPM model on a sliding scale. Also a specific provision for adverse deviations (PAD) to be applied consistently to the model was introduced in place of varying judgment from month to month, and during 2017 this was increased on the fully insured block from 4% to 6%. This PAD increases the confidence interval of having adequate reserves. Judgment is still allowed, but instead of applying the adjustment generically to the overall reserve, the ability is now in place to adjust specific month's PMPM estimates up or down depending on actuarial judgment.

### NOTE 8 - HEALTHCARE REFORM

#### *Medical Loss Ratio*

The ACA established minimum medical loss ratio (MLR) standards for health insurers. These new standards were effective for 2011 and are required to be reported to the Department of Health and Human Services (HHS). The reporting date for 2017 MLR is July 31, 2018. Based on the MLR standards, the Company is required to pay a pro-rata rebate to individual members or groups if the incurred MLR for Individual or Small Group business is less than 80% and Large Group is less than 85%. At December 31, 2017 and December 31, 2016, the Company's

## NOTES TO STATUTORY FINANCIAL STATEMENTS

estimate of the MLR for Individual, Small Group and Large Group were all above the established MLR thresholds and no rebates are due.

The report due to HHS on July 31, 2018, requires a three month look back of December 31, 2017 unpaid claims activity through March 31, 2018 for the purpose of updating the estimated 2017 MLR calculations.

### *Risk-sharing Provisions of the Patient Protection and Affordable Care Act*

During 2017 and 2016, the Company wrote health insurance premiums which are subject to the ACA risk sharing provisions.

Cost share reduction payments are made monthly and reconciled annually from the Center for Medicare and Medicaid Services (CMS) under the policies set forth by the Center for Consumer Information and Oversight (CCIIO). The program is intended to assist certain members with their out of pocket expenses. A reconciliation was completed and payments of \$1,421,201 have been received under this program for 2016 which was higher than the cost share receivable of \$1,108,716. As of 1/1/17 BCBSNE no longer participates on the ACA exchange. Amounts recorded under this program as a reduction of claims incurred were approximately, \$.4k and \$11.1 million for the year ended December 31, 2017 and 2016.

The ACA's permanent risk adjustment program (RA) is intended to reinforce market rules that prohibit risk selection by insurers. RA accomplishes this by transferring funds from plans with lower-risk enrollees to plans with higher-risk enrollees. The goal of RA is to encourage insurers to compete based on the value and efficiency of their plans rather than by attracting healthier enrollees. To the extent that risk selecting behavior by insurers, or decisions made by enrollees, drive up costs in the health insurance marketplaces (for example, if insurers selling outside the Exchange try to keep premiums low by steering applicants with greater health needs to Exchange coverage), RA also works to stabilize premiums and the cost of tax credit subsidies to the federal government. The RA amounts recorded by the Company as of December 31, 2017 and 2016 are:

## NOTES TO STATUTORY FINANCIAL STATEMENTS

The ACA established the Transitional Reinsurance Program (Rein) to fund a three year reinsurance program designed to reimburse companies that insure high-cost patients through the individual health insurance market. This annual fee will be assessed through December 31, 2017 and applies to fully insured and self-funded plans. The Rein amounts recorded by the Company as of December 31, 2017 and 2016 are:

ACA Rein contributions – not reported as ceded premium	-	6,672,569

The ACA established the temporary risk corridor (RC) which reduces the insurers' risk by partially offsetting high losses and sharing in large profits over prescribed limits under ACA. The RC applies to individual ACA products sold by the Company on and off exchange. RC amounts are based on how allowable costs compare with a target amount established under ACA. Insurers, whose ratio of allowable costs relative to the target amount is too high, meaning their premiums did not cover all their claims, will receive partial reimbursement for those losses. Insurers, whose ratios are too low, meaning their premiums were much more than was needed to cover their expenses, will be charged an amount to partially offset their profits. By eliminating some of the pricing uncertainty associated with new products and population, RC's are intended to encourage insurers' participation in the new market. The RC amounts recorded by the Company as of December 31, 2017 and 2016 are:

This BCS reinsurance contract is for insured medical claims in excess of \$2,000,000. While the NIC contract is no longer in effect, a claims run-out period is in effect through 2018. There were no claims submitted under the NIC contract in 2017. At December 31, 2017 and 2016, there were no amounts recoverable from the reinsurers which have been netted against Unpaid Policy and Contract Claims Reserves for either contract. Additionally, the Company recorded accrued retrospective premium related to the BCS contract of \$1,444,953 and \$882,908 in 2017 and 2016, respectively. These were booked due to the loss ratio for 2017 and 2016 running higher than the acceptable loss ratio stated in the contract. The accrual books the maximum reinsurance rate stated in the contract.

The Company cedes 100% of its group and 70% of its individual Long Term Care premiums and claims to MedAmerica Insurance Company and Genworth Life Insurance Company, respectively. Premiums ceded was \$1,817,075 and \$1,972,553 in 2017 and 2016, respectively. Unearned premiums was \$26,162,954 and \$25,086,897 at December 31, 2017 and 2016, respectively. None of the non-affiliated reinsurers is owned in excess of 10% or controlled, either directly or indirectly by the Company or by any representative, officer, trustee, or director of the Company.

No policies have been issued by the Company that have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business. The Company does not have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits. The Company does not have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premiums collected under the reinsured policies. The Company has not executed or amended any new agreements since January 1, 2017, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement.

### NOTE 14 - COMMITMENT AND CONTINGENCIES

#### *Assessments*

This liability is for the Nebraska Guaranty Fund related to future insurance company insolvencies and is based on

information provided by the National Organization of Life and Health Insurance Association (NOLHGA). During 2017 and 2016, the Company paid an assessment fee from the Nebraska Life & Health Insurance Guaranty Association (NLHIGA) in the amount of \$6,198,665 and \$0, respectively. During 2017 and 2016, BCBSNE's premium taxes paid were offset by \$5,361,332 and \$5,361,332 respectively from previously paid NLHIGA assessments.

On April 14, 2017 the Company received notification of the insolvency of Penn Treaty/ANIC. The insolvency resulted in a guaranty fund assessment of \$6,198,665 which was paid on May 8, 2017. A premium tax refund has been recognized as an offset for the payment. The Company doesn't expect any potential assessments to have a material effect on the Company. There was no assessments made in 2016.

The Company recorded a \$962,140 liability in 2017 related to an ongoing Sales Tax Audit. In 2016 a payment of \$183,066 was paid which included penalties and interest and the remainder of the liability was reversed.

### *All Other Contingencies*

The Company is involved in various claims, lawsuits, Federal and state tax examinations and proceedings that arose in the ordinary course of business. While these actions are being contested, the outcome of individual matters is not predictable with assurance. The Company does not believe that any liability resulting from any of the actions will have a material adverse effect on its financial position, statement of operations, policyholder's surplus, cash flows, or liquidity.

There are various legal challenges to provisions of the ACA. Some of these proceedings, depending on the outcome, could have an impact to the Company's financial statements. Based upon the current status of litigation of these legal proceedings, the standards for recognizing gain or loss contingencies have not been met and no gain or loss contingencies have been recorded as of December 31, 2017 or 2016. These proceedings will continue to be evaluated on a regular basis to determine if gain or loss contingency accruals are required.

Prime Therapeutics, Inc. (PTI) (a 50% owned affiliate of BCBSNE) formed a Limited Liability Company, Prime Therapeutics, LLC (Prime) effective April 1, 2004 and sold additional interests in Prime LLC (Prime) to other Blue Cross Blue Shield plans. As part of the creation of this new company, a new owner of Prime required PTI to indemnify the new owners for certain potential liability that PTI may have incurred prior to the formation of Prime. Accordingly, BCBSNE was also required to provide an unconditional guaranty of PTI's indemnification agreement. The aggregate liability of BCBSNE under this guaranty was limited to \$6,750,000. Management does not expect any material adverse financial results from the indemnification agreement.

On December 9, 2015, Kearney Regional Medical Center (KRMC) entered into a seven year loan agreement with First National Bank of Omaha (FNBO) and Nebraska Land Bank (NLB) related to the construction of a medical facility. BCBSNE provided a \$9,000,000 and \$1,000,000 guaranty with FNBO and NLB respectively. During January 2018, KRMC renegotiated and refinanced its debt with both FNBO and NLB. BCBSNE's guaranty to FNBO was reduced to \$5,266,246 and the NLB guaranty was eliminated.

### **NOTE 15 - SUBSEQUENT EVENTS**

becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1, of the year the fee is due. As of December 31, 2017, the Company has written health insurance subject to the ACA assessment, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2018 to be approximately \$28,900,000. The amount is reflected in special surplus at December 31, 2017. This assessment is expected to lower risk based capital by approximately 68 points.

BCBSNE plans to reorganize from a mutual benefit insurance company to a stock insurance company, simultaneously with the creation of a mutual insurance holding company to be named GoodLife Partners, Inc. (GPI) on July 1, 2018. The stock insurance company will be called Blue Cross Blue Shield of Nebraska, Inc. (BCBSNEI) and will do business in that name. As part of the proposed reorganization, GoodLife Solutions, Inc. (GSI) will be formed as a new intermediate stock holding company and will be wholly owned by GPI. BCBSNEI will be a wholly owned subsidiary of GSI and Genesys Innovations, LLC, a subsidiary of BCBSNE will be transferred to GSI. At all times as required by applicable law, GPI shall own, directly or indirectly, at least a majority of the voting securities of BCBSNEI.

BCBSNE insurance policies will continue to be the contractual obligations of BCBSNEI after the reorganization contemplated by the plan. Members of BCBSNE at the time the plan becomes effective will become a member of GPI automatically and will remain a member until such member's policy with BCBSNEI expires or otherwise is terminated. Owners of policies issued or assumed by BCBSNEI after the effective date of the plan will automatically become members of GPI.

The mutual holding company structure preserves a not-for-profit status at the GPI level while providing similar flexibility as for-profit competitor structures. The reorganization allows the entire enterprise to be more nimble because GSI will have access to more capital that is not subject to investment limitations imposed on insurance companies such as BCBSNE.

This proposed reorganization will be presented for a vote of the members at the March 26, 2018 annual meeting of the members.

During first quarter 2018, BCBSNE entered into a transaction with Health Care Service Corporation (HCSC) to sell 616 common units of Prime Therapeutics LLC (Prime) for \$60,500 per common unit. HCSC is a mutual legal reserve company that owns and operates several Blue Cross and Blue Shield Plans, including Blue Cross and Blue Shield of Illinois and Blue Cross and Blue Shield of Texas. At closing, BCBSNE will receive a cash payment of \$37,268,000 and record a realized gain of \$23,851,520.

On January 18, 2018, a consent was signed in lieu of a meeting of the Board of Directors to increase the current line of credit available to Think Aksarben, LLP, a wholly-owned subsidiary of Think Nebraska which is a wholly-owned subsidiary of BCBSNE, through December 31, 2018. This consent authorizes the Chief Executive Officer and President, the Executive Vice Presidents, and Chief Accounting Officer (Officers) to increase the line of credit available to Think Aksarben, LLP to a sum not to exceed \$6.9 million. This additional \$6.9 million of available credit is in addition to the previously approved amount of \$17.4 million. The total principal amount outstanding on this line of credit as of March 29, 2018 is \$16,875,000.

## NOTES TO STATUTORY FINANCIAL STATEMENTS

## **Your Participating Provider Directory.**

This Provider Directory is your guide to participating doctors, facilities and other health care providers in your area. To obtain the most up-to-date information or to locate providers in other areas while traveling, use the BlueCard® Doctor & Hospital Finder at <http://www.bcbsa.com> or call 1-800-810-BLUE (2583).

Your directory is organized into several sections for your convenience. It is designed to help you choose physicians and other health care professionals best suited to your needs. All provider listings include the provider's practice address or addresses and telephone number. Always confirm with the provider the provider's address, phone number, specialty and continued participation status before making an appointment.

We are continually adding providers to our health care network, so if you do not see your provider listed, or if you need information regarding hospital affiliation or board certification, please contact your Customer Service Department. You'll find the number located on your member identification card.

Network participation is subject to change, so it is important for you to verify if the provider is still in the network. To verify this information, contact the provider **before** you receive medical services.

If you have any questions about your benefits or finding a network provider, simply contact us by calling the Customer Service number on your member identification card.

**Hospitals may all look the same to you.  
To us, there is a distinct difference.**

Nationwide, Blue Cross and Blue Shield companies recognize Blue Distinction Centers® – medical facilities that are delivering quality specialty care – to help you and your doctor find a hospital that is right for you or your loved ones. Blue Distinction Centers meet rigorous clinical criteria that have been developed with medical experts. And, research shows they deliver better overall results for our members.

To find a Blue Distinction Center for:

**Bariatric Surgery • Cardiac Care • Complex and Rare Cancers  
• Knee and Hip Replacement • Spine Surgery • Transplants**

**visit [www.bcbs.com/bluedistinction](http://www.bcbs.com/bluedistinction)**

or call the toll-free customer service number on the back of your  
member identification card.

Note: Designation as Blue Distinction Centers means that these facilities' overall experience and aggregate data met objective criteria established in collaboration with expert clinicians' and leading medical societies' recommendations. Individual outcomes may vary. To find out which Providers participate in network and which services are covered under your policy, at these or any other facilities, please call your local Blue Cross and Blue Shield Plan; and please call your provider before making an appointment, to verify the most current information on their Network participation and Blue Distinction status. Neither the Blue Cross and Blue Shield Association nor any of its Licensees are responsible for any damages, losses, or non-covered charges that may result from using these materials or receiving care from a provider listed in these materials.

## Your Participating Provider Directory.

This Provider Directory is your guide to participating doctors, facilities and other health care providers in your area. To obtain the most up-to-date information or to locate providers in other areas while traveling, use the BlueCard® Doctor & Hospital Finder at <http://www.bcbsa.com> or call 1-800-810-BLUE (2583).

Your directory is organized into several sections for your convenience. It is designed to help you choose physicians and other health care professionals best suited to your needs. All provider listings include the provider's practice address or addresses and telephone number. Always confirm with the provider the provider's address, phone number, specialty and continued participation status before making an appointment.

We are continually adding providers to our health care network, so if you do not see your provider listed, or if you need information regarding hospital affiliation or board certification, please contact your Customer Service Department. You'll find the number located on your member identification card.

Network participation is subject to change, so it is important for you to verify if the provider is still in the network. To verify this information, contact the provider **before** you receive medical services.

If you have any questions about your benefits or finding a network provider, simply contact us by calling the Customer Service number on your member identification card.

**Hospitals may all look the same to you.  
To us, there is a distinct difference.**

Nationwide, Blue Cross and Blue Shield companies recognize Blue Distinction Centers® – medical facilities that are delivering quality specialty care – to help you and your doctor find a hospital that is right for you or your loved ones. Blue Distinction Centers meet rigorous clinical criteria that have been developed with medical experts. And, research shows they deliver better overall results for our members.

To find a Blue Distinction Center for:  
Bariatric Surgery • Cardiac Care • Complex and Rare Cancers  
• Knee and Hip Replacement • Spine Surgery • Transplants

**visit [www.bcbs.com/bluedistinction](http://www.bcbs.com/bluedistinction)**

or call the toll-free customer service number on the back of your member identification card.

Note: Designation as Blue Distinction Centers means that these facilities' overall experience and aggregate data met objective criteria established in collaboration with expert clinicians' and leading medical societies' recommendations. Individual outcomes may vary. To find out which Providers participate in network and which services are covered under your policy, at these or any other facilities, please call your local Blue Cross and Blue Shield Plan; and please call your provider before making an appointment, to verify the most current information on their Network participation and Blue Distinction status. Neither the Blue Cross and Blue Shield Association nor any of its Licensees are responsible for any damages, losses, or non-covered charges that may result from using these materials or receiving care from a provider listed in these materials.

**Providers included in this directory are from the network(s) of:**

Blue Cross and Blue Shield of Nebraska

Blue Cross and/or Blue Shield licensees have made reasonable efforts to validate that the list of providers included in this directory is up to date and accurate. Please call the provider prior to scheduling an appointment to verify that the provider is still a part of the network. ## **Your Participating Provider Directory.**

This Provider Directory is your guide to participating doctors, facilities and other health care providers in your area. To obtain the most up-to-date information or to locate providers in other areas while traveling, use the BlueCard® Doctor & Hospital Finder at <http://www.bcbsa.com> or call 1-800-810-BLUE (2583).

Your directory is organized into several sections for your convenience. It is designed to help you choose physicians and other health care professionals best suited to your needs. All provider listings include the provider's practice address or addresses and telephone number. Always confirm with the provider the provider's address, phone number, specialty and continued participation status before making an appointment.

We are continually adding providers to our health care network, so if you do not see your provider listed, or if you need information regarding hospital affiliation or board certification, please contact your Customer Service Department. You'll find the number located on your member identification card.

Network participation is subject to change, so it is important for you to verify if the provider is still in the network. To verify this information, contact the provider **before** you receive medical services.

If you have any questions about your benefits or finding a network provider, simply contact us by calling the Customer Service number on your member identification card.

**Hospitals may all look the same to you.  
To us, there is a distinct difference.**

Nationwide, Blue Cross and Blue Shield companies recognize Blue Distinction Centers® – medical facilities that are delivering quality specialty care – to help you and your doctor find a hospital that is right for you or your loved ones. Blue Distinction Centers meet rigorous clinical criteria that have been developed with medical experts. And, research shows they deliver better overall results for our members.

To find a Blue Distinction Center for:  
Bariatric Surgery • Cardiac Care • Complex and Rare Cancers  
• Knee and Hip Replacement • Spine Surgery • Transplants

**visit [www.bcbs.com/bluedistinction](http://www.bcbs.com/bluedistinction)**

or call the toll-free customer service number on the back of your member identification card.

Note: Designation as Blue Distinction Centers means that these facilities' overall experience and aggregate data met objective criteria established in collaboration with expert clinicians' and leading medical societies' recommendations. Individual outcomes may vary. To find out which Providers participate in network and which services are covered under your policy, at these or any other facilities, please call your local Blue Cross and Blue Shield Plan; and please call your provider before making an appointment, to verify the most current information on their Network participation and Blue Distinction status. Neither the Blue Cross and Blue Shield Association nor any of its Licensees are responsible for any damages, losses, or non-covered charges that may result from using these materials or receiving care from a provider listed in these materials.

- **Drugs in New Treatment Pipeline:** Hepatitis C, Multiple Sclerosis, HIV, Cancer, Rare Orphan Diseases.
- **Drugs in Generic Pipeline:** Patent expirations for Glumetza, Crestor, Zetia, Benicar, Seroquel XR.
- **Specialty Medication Update:** While specialty medications represent just 1-3% of all U.S. prescriptions, these medications represent approximately 30% of total drug spend and are increasing 15-20% each year.
- **Pharmacy Network Management:** Forecasted over the next five years, limited pharmacy networks will continue to be a focus as another way to curb drug spending. Use of limited pharmacy networks provides members to a smaller, yet still accessible, number of pharmacies while reducing overall spend.
- **Site of Service Selection:** In 2015, there were over 2,000 retail health clinics, within pharmacies as well as stand-alone facilities, in operation in the U.S. Patient visits to retail health clinics grew nationally from 1.5 million in 2006 to 10.5 million in 2014, as much as 2% of primary care visits are to commercial clinics rather than doctors' offices.

RE: Addendum for Request for Proposal Number 5864 Z1 to be opened June 27, 2018 at 2:00 p.m. Central Time

### Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

<u>Question Number</u>	<u>RFP Section Reference</u>	<u>RFP Page Number</u>	<u>Question</u>	<u>State Response</u>
1.	I.C. Schedule of Events	2	The current BCBSNE administrative contract with Regional Centers expires 2/28/2019; however, the RFP requests an effective start date of 8/31/2018. Can you please confirm you are reducing the length of time of the current administrative period from that which is currently under contract with BCBSNE?	The State is not reducing the length of time of the current contract. The contracts will run concurrent to ensure successful transition of coverage and that billings are archived as necessary.
2.	IV. Proposal Instructions A.2. Corporate Overview	29	Under CORPORATE OVERVIEW, the RFP has a statement in parentheses saying "Delete Corporate Overview if Cost Only". Please explain what this statement means.	As per this Addendum, please disregard this statement, it was meant as instructional and should have been deleted before RFP release.
3.	IV. Proposal Instructions A.3. Corporate Overview	31	Under TECHNICAL APPROACH, the RFP has a statement in parentheses saying "Delete Technical	Please see response to question #2

			Approach if Cost Only". Please explain what this statement means.	
4.	VII. Cost Proposal Requirements; Attachment B Cost Proposal	32	<p>There are specific procedure codes for which you're asking for cost information beginning Year 1 through Year 6, then also for years 7 and 8 under Optional Renewals.</p> <p>There is no location/zip code information included, and our provider contracts vary by provider and by location. Please confirm what the DHHS is requesting for cost information (average by 3-digit zip code, and if so, which zip codes? Average by Metropolitan Statistical Area (MSA)?).</p> <p>By including these procedure code cost requests directly on the Cost Proposal rather than requesting the average procedure costs as a separate exhibit, are you requiring that our network reimbursement rates be administered exactly as written on the completed exhibit rather than being reimbursed on our actual contracted provider rates we have in place with each contracted provider for the proposed 6-year initial period?</p>	Please see Revised Cost Proposal Attachment B.
5.	Technical Requirements Matrix TRM-1	2	<p>TRM-1 requires bidders to list their Network of Healthcare Providers in Nebraska and include the following:</p> <p>The level or type of providers</p>	DHHS prefers that these reports be provided in a PDF format. DHHS has no preference on the layout.

			<p>Number of providers by level or type</p> <p>Numbers and types of specialists</p> <p>Geographic location of providers by level and type</p> <p>If provider agreements allow providers to bill for additional costs not covered</p> <p>Does the DHHS have a specific file format/layout you wish to see that incorporates the above data? If so, please provide.</p>	
6.			<p>We are filling out the attachment for the RFP and wanted to clarify if the proposal is open to the use of domestic and global resources.</p> <p>I was unclear based on the reading of the document.</p>	<p>The bidder's response should meet all requirements of the RFP to ensure timely and cost effective care.</p>

This addendum will become part of the proposal and should be acknowledged with the Request for Proposal response.

**PLEASE READ CAREFULLY!  
SCOPE OF SERVICE**

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this Request for Proposal (RFP) Number 5864 Z1 for the purpose of selecting a qualified Bidder to provide the Nebraska Department of Health and Human Services (DHHS) Lincoln Regional Center and Norfolk Regional Center (hereafter referred to as Regional Centers) Healthcare Network Provider and Medical Bill Processing Service. A more detailed description can be found in Section V. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract will be six (6) years commencing upon execution of the contract by the State and the Bidder (Parties)/notice to proceed. The Contract includes the option to renew for one (1) additional two (2) year period upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

ALL INFORMATION PERTINENT TO THIS REQUEST FOR PROPOSAL CAN BE FOUND ON THE INTERNET AT:  
<http://das.nebraska.gov/materiel/purchasing.html>.

**IMPORTANT NOTICE:** Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the RFP, and the successful bidder's proposal or response will be posted to a public website managed by DAS, which can be found at <http://statecontracts.nebraska.gov>.

In addition and in furtherance of the State's public records Statute (Neb. Rev. Stat. § 84-712 et seq.), all proposals or responses received regarding this RFP will be posted to the State Purchasing Bureau public website.

These postings will include the entire proposal or response. Bidders must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously in black ink with the words "PROPRIETARY INFORMATION". The bidder must submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992) THE BIDDER MAY NOT ASSERT THAT THE ENTIRE PROPOSAL IS PROPRIETARY. COST PROPOSALS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA. The State will then determine, in its discretion, if the interests served by nondisclosure outweighs any public purpose served by disclosure. (See Neb. Rev. Stat. § 84-712.05(3)) The Bidder will be notified of the agency's decision. Absent a State determination that information is proprietary, the State will consider all information a public record subject to release regardless of any assertion that the information is proprietary.

If the agency determines it is required to release proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, proposal, or response to this RFP for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a proposal or response to this RFP, specifically waives any copyright or other protection the contract, proposal, or response to the RFP may have; and, acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver is a prerequisite for submitting a proposal or response to this RFP, and award of a contract. Failure to agree to the reservation and waiver will result in the proposal or response to the RFP being found non-responsive and rejected.

Any entity awarded a contract or submitting a proposal or response to the RFP agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and

**attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or the proposals and responses to the RFP, awards, and other documents.**

**G. SECRETARY OF STATE/TAX COMMISSIONER REGISTRATION REQUIREMENTS (Statutory)**

All bidders must be authorized to transact business in the State of Nebraska and comply with all Nebraska Secretary of State Registration requirements. The bidder who is the recipient of an Intent to Award will be required to certify that it has complied and produce a true and exact copy of its current (within ninety (90) calendar days of the intent to award) Certificate or Letter of Good Standing, or in the case of a sole proprietorship, provide written documentation of sole proprietorship and complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at <http://das.nebraska.gov/materiel/purchasing.html>. This must be accomplished prior to execution of the contract.

**H. ETHICS IN PUBLIC CONTRACTING**

The State reserves the right to reject bids, withdraw an intent to award or award, or terminate a contract if a bidder commits or has committed ethical violations, which include, but are not limited to:

1. Offering or giving, directly or indirectly, a bribe, fee, commission, compensation, gift, gratuity, or anything of value to any person or entity in an attempt to influence the bidding process;
2. Utilize the services of lobbyists, attorneys, political activists, or consultants to influence or subvert the bidding process;
3. Being considered for, presently being, or becoming debarred, suspended, ineligible, or excluded from contracting with any state or federal entity;
4. Submitting a proposal on behalf of another Party or entity; and
5. Collude with any person or entity to influence the bidding process, submit sham proposals, preclude bidding, fix pricing or costs, create an unfair advantage, subvert the bid, or prejudice the State.

The Bidder shall include this clause in any subcontract entered into for the exclusive purpose of performing this contract.

Bidder shall have an affirmative duty to report any violations of this clause by the Bidder throughout the bidding process, and throughout the term of this contract for the successful Bidder and their subcontractors.

**I. DEVIATIONS FROM THE REQUEST FOR PROPOSAL**

The requirements contained in the RFP become a part of the terms and conditions of the contract resulting from this RFP. Any deviations from the RFP in Sections II through VI must be clearly defined by the bidder in its proposal

and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the RFP, requirements, or applicable state or federal laws or statutes. "Deviation", for the purposes of this RFP, means any proposed changes or alterations to either the contractual language or deliverables within the scope of this RFP. The State discourages deviations and reserves the right to reject proposed deviations.

**J. SUBMISSION OF PROPOSALS**

Bidders should submit one proposal marked on the first page: "ORIGINAL". If multiple proposals are submitted, the State will retain one copy marked "ORIGINAL" and destroy the other copies. The Bidder is solely responsible for any variance between the copies submitted. Proposal responses should include the completed Form A, "Bidder Contact Sheet". Proposals must reference the RFP number and be sent to the specified address. Please note that the address label should appear as specified in Section I B. on the face of each container or bidder's bid response packet. If a recipient phone number is required for delivery purposes, 402-471-6500 should be used. The RFP number should be included in all correspondence.

Emphasis should be concentrated on conformance to the RFP instructions, responsiveness to requirements, completeness, and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming the State reserves the right to reject the proposal as non-conforming.

By signing the "Request for Proposal for Contractual Services" form, the bidder guarantees compliance with the provisions stated in this RFP.

The State shall not incur any liability for any costs incurred by bidders in replying to this RFP, in the demonstrations and/or oral presentations, or in any other activity related to bidding on this RFP.

The Technical and Cost Proposals Template should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½" x 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½" by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables should be numbered consecutively within sections. Figures and tables should be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

**K. BID PREPARATION COSTS**

The State shall not incur any liability for any costs incurred by Bidders in replying to this RFP, including any activity related to bidding on this RFP.

**L. FAILURE TO COMPLY WITH REQUEST FOR PROPOSAL**

Violation of the terms and conditions contained in this RFP or any resultant contract, at any time before or after the award, shall be grounds for action by the State which may include, but is not limited to, the following:

1. Rejection of a bidder's proposal;
2. Withdrawal of the Intent to Award;
3. Withdrawal of the Award;
4. Termination of the resulting contract;
5. Legal action; and
6. Suspension of the bidder from further bidding with the State for the period of time relative to the seriousness of the violation, such period to be within the sole discretion of the State.

**M. BID CORRECTIONS**

A bidder may correct a mistake in a bid prior to the time of opening by giving written notice to the State of intent to withdraw the bid for modification or to withdraw the bid completely. Changes in a bid after opening are acceptable only if the change is made to correct a minor error that does not affect price, quantity, quality, delivery, or contractual conditions. In case of a mathematical error in extension of price, unit price shall govern.

**N. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Late proposals will be returned unopened, if requested by the bidder and at bidder's expense. The State is not responsible for proposals that are late or lost regardless of cause or fault.

**O. PROPOSAL OPENING**

The opening of proposals will be public and the bidders will be announced. Proposals **WILL NOT** be available for viewing by those present at the proposal opening. Vendors may contact the State to schedule an appointment for viewing proposals after the Intent to Award has been posted to the website. Once proposals are opened, they become the property of the State of Nebraska and will not be returned.

**P. REQUEST FOR PROPOSAL/PROPOSAL REQUIREMENTS**

The proposals will first be examined to determine if all requirements listed below have been addressed and whether further evaluation is warranted. Proposals not meeting the requirements may be rejected as non-responsive. The requirements are:

1. Original Request for Proposal for Contractual Services form signed using an indelible method;
2. Clarity and responsiveness of the proposal;
3. Completed Corporate Overview;
4. Completed Sections II through VI;
5. Completed Technical Approach; and
6. Completed State Cost Proposal Template.

**Q. EVALUATION COMMITTEE**

Proposals are evaluated by members of an Evaluation Committee(s). The Evaluation Committee(s) will consist of individuals selected at the discretion of the State. Names of the members of the Evaluation Committee(s) will not be published prior to the intent to award.

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this RFP may result in the rejection of this proposal and further administrative actions.

**R. EVALUATION OF PROPOSALS**

All proposals that are responsive to the RFP will be evaluated. Each evaluation category will have a maximum point potential. The State will conduct a fair, impartial, and comprehensive evaluation of all proposals in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Corporate Overview should include but is not limited to:
  - a. the ability, capacity, and skill of the bidder to deliver and implement the system or project that meets the requirements of the RFP;
  - b. the character, integrity, reputation, judgment, experience, and efficiency of the bidder;
  - c. whether the bidder can perform the contract within the specified time frame;
  - d. the quality of bidder performance on prior contracts;
  - e. such other information that may be secured and that has a bearing on the decision to award the contract;
2. Technical Approach; and,
3. Cost Proposal.

**Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone.** When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

**Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.**

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the RFP cover page under "Bidder must complete the following" requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the vendor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service;
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and

4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

Evaluation criteria weighting will be released with the RFP.

**S. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS**

The State may determine after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel, identified in their proposal, may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their proposals.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the proposals received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

**T. BEST AND FINAL OFFER**

If best and final offers (BAFO) are requested by the State and submitted by the bidder, they will be evaluated (using the stated BAFO criteria), scored, and ranked by the Evaluation Committee. The State reserves the right to conduct more than one Best and Final Offer. The award will then be granted to the highest scoring bidder. However, a bidder should provide its best offer in its original proposal. Bidders should not expect that the State will request a best and final offer.

**U. REFERENCE AND CREDIT CHECKS**

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a proposal in response to this RFP, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a proposal, withdraw an intent to award, or rescind the award of a contract.

**V. AWARD**

The State reserves the right to evaluate proposals and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the proposals, or at any point in the RFP process, the State of Nebraska may take one or more of the following actions:

1. Amend the RFP;
2. Extend the time of or establish a new proposal opening time;
3. Waive deviations or errors in the State's RFP process and in bidder proposals that are not material, do not compromise the RFP process or a bidder's proposal, and do not improve a bidder's competitive position;
4. Accept or reject a portion of or all of a proposal;
5. Accept or reject all proposals;
6. Withdraw the RFP;
7. Elect to rebid the RFP;
8. Award single lines or multiple lines to one or more bidders; or,
9. Award one or more all-inclusive contracts.

The RFP does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at:  
<http://das.nebraska.gov/materiel/purchasing.html>

Grievance and protest procedure is available on the Internet at:  
<http://das.nebraska.gov/materiel/purchasing.html>

Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet.

**II. TERMS AND CONDITIONS**

**Bidders should complete Sections II through VI as part of their proposal.** Bidder is expected to read the Terms and Conditions and should initial either accept, reject, or reject and provide alternative language for each clause. The bidder should also provide an explanation of why the bidder rejected the clause or rejected the clause and provided alternate language. By signing the RFP, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State of Nebraska is soliciting proposals in response to this RFP. The State of Nebraska reserves the right to reject proposals that attempt to substitute the bidder's commercial contracts and/or documents for this RFP.

The bidders should submit with their proposal any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the bidder's proposal as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the Addendum to Contract Award have been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

1. If only one Party has a particular clause then that clause shall control;
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together;
3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

**C. GOVERNING LAW (Statutory)**

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state and federal laws, ordinances, rules, orders, and regulations.

**D. BEGINNING OF WORK**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

The bidder shall not commence any billable work until a valid contract has been fully executed by the State and the successful Contractor. The Contractor will be notified in writing when work may begin.

**E. CHANGE ORDERS**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

The State and the Contractor, upon the written agreement, may make changes to the contract within the general scope of the RFP. Changes may involve specifications, the quantity of work, or such other items as the State may

find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Contractor may not claim forfeiture of the contract by reasons of such changes.

The Contractor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Contractor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Contractor's proposal, were foreseeable, or result from difficulties with or failure of the Contractor's proposal or performance.

No change shall be implemented by the Contractor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

**F. NOTICE OF POTENTIAL CONTRACTOR BREACH**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

**G. BREACH**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

**H. NON-WAIVER OF BREACH**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

**I. SEVERABILITY**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

**J. INDEMNIFICATION**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

**1. GENERAL**

The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials (“the indemnified parties”) from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses (“the claims”), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

**2. INTELLECTUAL PROPERTY**

The Contractor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Contractor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Contractor prompt notice in writing of the claim. The Contractor may not settle any infringement claim that will affect the State’s use of the Licensed Software without the State’s prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State’s use of any intellectual property for which the Contractor has indemnified the State, the Contractor shall, at the Contractor’s sole

cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Contractor, and the State may receive the remedies provided under this RFP.

**3. PERSONNEL**

The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Contractor.

**4. SELF-INSURANCE**

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2008). If there is a presumed loss under the provisions of this agreement, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. These numbers may not reflect the present time. The bidder should anticipate there may be increases or decreases due to patient health and the number of patients utilizing the network of healthcare providers.

Bidders should identify the subdivisions of "Project Description and Scope of Work" clearly in their proposals; failure to do so may result in disqualification. Additionally, a non-publicly held firm should provide a banking reference.

The bidder must disclose any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the organization, or state that no such condition is known to exist.

If no such relationship exists, so declare.

**g. CONTRACT PERFORMANCE**

If the bidder or any proposed Subcontractor has had a contract terminated for default during the past five (5) years, all such instances must be described as required below. It is mandatory that the bidder submit full details of all termination for default experienced during the past five (5) years, including the other Party's name, address, and telephone number. The response to this section must present the bidder's position on the matter. The State will evaluate the facts and will score the bidder's proposal accordingly. Bidders shall complete a Technical Requirements Matrix to provide Healthcare Network Provider and Medical Bill Processing Service. Bidders are required to describe in detail how their proposed solution meets the specifications outlined within each Requirement.

The Technical Requirements Matrix is used to document and track the project requirements from the proposal through testing to verify that the requirement has been completely fulfilled. The Technical Requirements Matrix will form one of the key artifacts required for testing and validation that each requirement has been complied with (i.e., 100% fulfilled).

The Technical Requirements Matrix must indicate how the bidder intends to comply with the requirement and the effort required to achieve that compliance.
