However, the Vendor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. Notwithstanding the foregoing, Vendor is not prohibited from responding to a request for proposals issued by a participating facility that may include some products and services covered by this Agreement.

4.3 **Purchase Orders.** As a condition for purchasing under this Agreement, purchasers must be Members in good standing with MMCAP. Members may use their own forms for purchase orders. To the extent that the terms of any form conflict with the terms of this Agreement, the terms of this Agreement supersede. Vendor agrees to invoice the Member for services provided as specified in **Attachment A**.

C. Vendor commits any uncured material breach of this Agreement or a purchase order. Upon receipt of written notice of termination, Vendor will stop performance under the purchase order as directed by the MMCAP Member. Termination of standing purchase order does not extinguish or prejudice the Member's right to enforce such purchase order with respect to Vendor's breach of any warranty or any defect in or default of Vendor's performance under such purchase order that has not been cured, including any right of the Member to indemnification by Vendor or enforcement of a warranty. If a standing purchase order is terminated, the Member must pay Vendor in accordance with the terms of this Agreement for the goods delivered and accepted by the Member.

If these circumstances exist, the Vendor must work with MMCAP and Member to prepare an MPA to set forth the additional or altered terms and conditions. An MPA must clearly apply only to the requesting location and will not affect the rights of the other Membership, nor will it modify, derogate, or otherwise diminish the rights and obligations set forth herein, except in regard to the applicable named Member. When the specific terms are agreeable to the Vendor and the Member, the MPA will be presented to each party for execution. No other mechanism of modifying or "attaching to" the Agreement is authorized. Vendor is not required to agree to any additional terms; however, by not agreeing to the MPA, Vendor may be precluded from doing business with that Member. No verbal or written instructions from Members, or any of their staff or officials, to change any provision of this Agreement will be accepted by Vendor without the prior written approval of MMCAP. Vendor will immediately report any such requests to the MMCAP Authorized Representative who will issue approval or denial in writing.

Business Interruption Plan

We have an extensive network of SAMSHA laboratories and product-manufacturing facilities to ensure product demands in the event of a natural disaster or man-made emergency. Real-time alerts can be communicated to members/agencies keeping them informed of clinical closures, delayed Lab results, decreased FedEx/UPS delivery, product delivery changes, etc. Through Premier Biotech's extended network, regardless of the status of a single lab or manufacturer, Premier Biotech can execute and deliver on MMCAP member needs.

In one recent example, a hurricane in South Carolina affected a laboratory vendor, so drug-screening volume was routed to an unaffected Midwest based laboratory to avoid service interruption to our clients.

Events that can cause interruptions to business processes have been identified, along with the probability and impact of such interruptions and their consequences for information security. Plans are in place to maintain or restore operations and ensure availability of information at the required level and in the required time scales following interruption to, or failure of, critical business processes.

Business continuity plans are tested, maintained, and updated regularly to ensure that they are up to date and effective.

Premier Biotech and extended product manufacturers and laboratory partners use multiple processing centers to route samples and communicate via requested and available channels to ensure continued processing.

1. **Government Data Practices.** Parties to this Agreement must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 (Data Practices Act), as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Vendor under this Agreement. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Vendor or MMCAP Infuse.
 - A. **Notification.** If the Vendor receives a request to release the data referred to in statute, the Vendor must immediately notify and consult with MMCAP Infuse as to how the Vendor should respond to the request.

Stat. § 363A.36 requires the Vendor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights (**Commissioner**) as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
 - C. **Minn. R. 5000.3400-5000.3600.**
 - i. **General.** Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. - d. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Vendor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
- e. The Vendor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Vendor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

- iv. **Certification.** The Vendor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

For purposes of this section, discrimination includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

7. **Contingency Fees Prohibited.** Pursuant to Minn. Statute § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.

8. **Diverse Spend Reporting.** If the total value of this Agreement may exceed \$500,000 in Minnesota, including all extension options, the Vendor must track and report, on a quarterly basis, the amount paid to diverse businesses both: (A) directly to subcontractors performing under the Agreement, and (B) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Agreement compared to your company's overall revenue). When this applies, you will be set up in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Agreement is in effect.

9. **Retainage for Minnesota Government Units.** Under Minn. Stat. § 16C.08, subd. 2 (10), no more than ninety percent (90%) of the amount due under this Agreement may be paid until the final product of this Agreement has been reviewed by a Minnesota agency head. The balance due will be paid when the Minnesota agency head determines that the Vendor has satisfactorily fulfilled all the terms of this Agreement.

10. **Payment to Subcontractors.** To the extent applicable, pursuant to Minn. Stat. § 16A.1245, the Vendor must pay all subcontractors, less any retainage, within ten (10) calendar days of the Vendor's receipt of payment from a Member for undisputed services provided by the subcontractor(s) and must pay interest at the rate of one and one-half percent (1.5%) per month or any part of a month to the subcontractor(s) on any undisputed amount not paid on time to the subcontractor(s).
